Sub: Request for park Upgrade at Turf Club Boulevard, Melton South 3338

Dear Sir/Madam

I am writing in the name of resident of Belle Gardens, Melton South. As you may know, in our area more families with young kids resides. With recent development the numbers has increased and there is future development coming soon. In our local park there are only two swings and a slide for kids, the playground is very crowded and kids has to wait long time to get there turns.

So, we were wondering if you could do something to upgrade the playground in our local park which is situated on Turf Club Boulevard, Melton South, as we believe that it surely make a difference.

It will be highly appreciated by the resident of Belle Gardens.
