

## Melton Town Centre – Proposed car parking changes

Melton City Council has reviewed public car parking demand and patterns in the Melton Town Centre and is proposing changes that respond to the way employees, shoppers and visitors are using the parking.

We're proposing to:

- Change 266 parking spaces from two-hour to four-hour
- Change 90 parking spaces from unrestricted to four-hour
- Change three two-hour car parking spaces to two Disabled parking spaces
