Engineering (Infrastructure Planning)	There are no objections to the proposal subject to conditions.
Waste Services	The proposed development will be able to access Council's kerbside waste collection service if it can be demonstrated that adequate space can be provided for 3 kerbside bins for each dwelling (12 bins in total) within the nature strip adjoining the subject land for kerbside collection. Otherwise a private collection service will be required for the proposed development. The applicant has submitted plans showing that 12 bins (3 for each dwelling) can be accommodated within the nature strip adjacent to the subject land. Therefore, private waste collection service will not be required for the proposal.
