To minimise the percentage of residents who leave the municipality to work the focus will be to increase jobs in transport, warehousing and professional services whilst maintaining the number of retail, construction, education and health jobs within Melton Council. <p>The strategy will provide a positive outcome for Melton City Council and this will also positively impact regional jobs growth.</p>

The Executive Officer (EO) also noted that the MoU is currently in the process of being signed between LeadWest and WoMEDA.</p>
6. This will decrease to \$251,156 due to the cost related to the MoU with WoMEDA. As noted in the finance subcommittee meeting minutes, the 2021/2022 financial year member contributions have been increased to \$50,000 and \$6,212 for overheads. This increase is a result of the resignation of Moonee Valley City Council.

- The EO outlined that the 2021/2022 project budget will be reviewed and amended based on the progression of projects and associated costs involved.
- The EO explained that the project list for 2021/2022 has been sourced from the LeadWest Implementation Plan and listed costs are an estimate. If these costs exceed the estimated amount, the EO would inform the committee members prior to any financial commitments or decisions being made.
- Cr Maynard also noted that the project budget provides LeadWest with a starting point for works to be carried out during the 2021/2022 financial year.
- The Chair noted that as the project budget is currently at \$250K and estimated project expenses are \$118K for the 2021/2022 financial year, this will need to be monitored and reviewed regularly as the estimated 2022/2023 financial year balance will be roughly \$132K.

The following recommendations were made:
