

**Families
and Children**

Preschool Field Officer Program

Kindergarten can be a big change in the lives of children and one that many need support with. If your child is finding kindergarten difficult or you have any concerns about their learning and development, ask their educators how the Preschool Field Officer Program (PSFO) may be able to help.

We are a free service that aims to build the capacity of educators and enhance your child's learning and development within an inclusive program

The PSFO can also identify referral pathways and link families and children to support services.
