Matthew Pearse	How can the community be consulted on which projects are prioritised?
David O'Connor	How does Council plan to work with the State Government to help unlock the allocated GAIC funding in support of much needed infrastructure projects within the growing City of Melton?
David O'Connor	Would Council please consider the installation of public rubbish bins within the developing Diggers Rest Town Centre?

12. PRESENTATION OF STAFF REPORTS

12.1 LEADWEST JOINT DELEGATED COMMITTEE MEETING MINUTES

Author: Renee Hodgson - Governance Coordinator
Presenter: Bradley Dosser - Manager Legal, Governance & Risk

PURPOSE OF REPORT

To present the minutes of the LeadWest Joint Delegated Committee.

RECOMMENDATION:

That Council note the confirmed minutes of the LeadWest Joint Delegated Committee meeting held 15 June 2022, provided as **Appendix 1** to this report.

Motion

Crs Majdlik/Kesic.

That Council:

1. note the confirmed minutes of the LeadWest Joint Delegated Committee meeting held 15 June 2022, provided as **Appendix 1**;
2. request that the minutes of LeadWest Joint Delegated Committee meetings be provided to Council within the timeframes specified in the Terms of Reference.

CARRIED

REPORT

1. Executive Summary

The purpose of the LeadWest Committee is to oversee the preparation and implementation of the LeadWest Strategic Plan and identified sub projects as adopted and agreed by member Councils.

The minutes attached to this report are the confirmed minutes of the LeadWest Joint Delegated Committee meeting held 15 June 2022.

2. Background/Issues

The LeadWest Committee was established as a Joint Delegated Committee pursuant to s64 of the *Local Government Act 2020* (the Act), with the Cities of Brimbank, Hobsons Bay, Maribyrnong, Melton, and Wyndham, on and from 1 August 2021.

It has delegated powers and functions in an Instrument of Delegation and Schedule and has Terms of Reference that govern its operations, meeting, and reporting arrangements. These were both approved and adopted by Council on 28 June 2021.

Attached to this report are the confirmed minutes of the LeadWest Joint Delegated Committee meeting held 15 June 2022.

3. Council and Wellbeing Plan Reference and Policy Reference

The Melton City Council 2021-2025 Council and Wellbeing Plan references:

6. A high performing organisation that demonstrates civic leadership and organisational excellence

6.3 An organisation that demonstrates excellence in civic leadership and governance.

4. Financial Considerations

The ongoing budget for the LeadWest Committee will include two components. Firstly, to deliver the projects in the four-year implementation plan, recommendations will be made to member Councils for consideration in each Council's annual budgeting process. Secondly, a payment of a base contribution to apply equally to all Councils.

5. Consultation/Public Submissions

The LeadWest Committee provides a mechanism for a regional approach to advocacy and the delivery of a ten-year Strategic Plan. The Strategic Plan is underpinned by a rolling four-year implementation plan which will be delivered by teams from across the six Councils implementing specific projects. This Plan was prepared following extensive consultation including a focus on engaging Councillors from the member Councils.

6. Risk Analysis

Nil.

7. Options

That Council note the minutes of the LeadWest Joint Delegated Committee as per the recommendation to this report.

3.	Minutes from the meeting held 30 March 2022	<p>The minutes from the meeting held on the 30 of March 2022 were adopted without amendment.</p> <p><i>Moved: Cr Sophie Ramsey</i> <i>Seconded: Cr Bernadette Thomas</i></p>
4.	Matters arising from the meeting held 30 March 2022	<p>The Committee noted the completed matters arising from the meeting held on the 30 March 2022.</p> <p><i>Moved: Cr Bernadette Thomas</i> <i>Seconded: Cr Sophie Ramsey</i></p>
5.	Finance Subcommittee Workshop – Briefing Note	<p>Cr Bernadette Thomas directed Committee members to the briefing note provided by the LeadWest Finance Subcommittee and gave an update on the workshop held on 22 April 2022. The following discussions were held:</p> <ul style="list-style-type: none"> The LeadWest operational budget and four year forecast have been reviewed and updated to reflect the contract commencement of Premier Strategy and the changes to the staffing structure. As a result of this review, the 2021/2022 operational budget has converted from a \$23k deficit to a \$24k surplus. The predicted increase to member contributions of approximately \$80k per annum is no longer required but in line with the cost of inflation, an increase to contributions will be significantly less. The reserve fund is expected to be depleted by 2023/2024 which is in line with the previous recommendation made by the LeadWest Committee. Project funds required after 2023/2024 will be considered as an opt-in structure and will be discussed with member councils as advocacy projects are agreed to. <p>The Committee recognised the assistance by Brimbank City Councils Director, Shane Marr in reviewing the LeadWest operational and project budget and forecast.</p> <p><i>The Committee resolved to adopt the following recommendations:</i></p> <ol style="list-style-type: none"> <i>Note the updated LeadWest operational budget and four year forecast.</i> <i>Increase the 2022/2023 LeadWest member contributions by \$2k per council, per annum.</i> <p><i>Moved: Cr Bernadette Thomas</i> <i>Seconded: Stephen Wall</i></p>
6.	Western Alliance for Greenhouse Action Presentation	<p>The Chair welcomed Fran MacDonald, Executive Officer (EO) of the Western Alliance for Greenhouse Action (WAGA), to the meeting.</p> <p>The EO directed Committee members to the attached WAGA presentation and provided background information and detailed key issues regarding the Victorian Climate Resilient Council (VCRC) and the Planning for a Safe Climate projects.</p> <p>It was noted that there was no mention of addressing climate changes within the current LeadWest Strategic Plan.</p>

7. Review of LeadWest Strategic Plan	<p>The Chair introduced Dina Jones, Kara Douglas and Joanna Stevens from Premier Strategy to the Committee.</p> <p>The following discussions were held regarding the review of the LeadWest Strategic Plan and the outcomes of the introductory meetings held between Premier Strategy and member councils.</p> <ul style="list-style-type: none"> Over the past month, Premier Strategy have been working towards gaining an understanding of the purpose and the goals of LeadWest. Currently the core purpose and focus of LeadWest is unclear. The focus of the LeadWest Strategic Plan is too broad and incorporates a large number of priority projects. This complicates the ability to select top three main priority projects to commence strategic advocacy work. The value add of LeadWest has been questioned and the level of interest to attend Government meetings and ownership across the Committee. The current LeadWest Committee is composed of a number of new members which provides an opportunity to refresh the objectives, goals and purpose of LeadWest. <p>A discussion was held to begin brainstorming the core purpose statement of LeadWest.</p> <ul style="list-style-type: none"> The final purpose statement should include terms such as advocate/advocacy, Melbourne's west/western region, a great place to live, liveability, collaboration, culture and include the population numbers of the region. <p>Premier Strategy advised the Committee that preparation for the State Election 2022 will commence once the priority projects have been identified. Given the timeframe, these projects will need to be achievable and feasible for a successful strategic advocacy strategy.</p> <p>Premier Strategy advised the Committee that an assessment tool will be circulated to members to submit priority projects for the advocacy strategy. This tool will assist in evaluating the regional benefits, political alignment and project readiness which will result in the final selected priority projects for the LeadWest strategic advocacy works.</p>
8. Future Meeting Details	<p>The Chair directed Committee members to attached 'Future LeadWest Meeting Details' document and informed the Committee that future meetings will be rotated between member councils. The Chair also advised members that the LeadWest Administration Officer will circulate location details prior to each meeting.</p>
9. Other Business	<p>No other business discussed.</p>
10. Closure of meeting	<p>The Chair thanked all in attendance and closed the meeting at 5:25pm.</p>

Next meeting:	<p>Wednesday, 21 September 2022 3:30pm – 5:30pm Melton City Council Melton Civic Centre, Woodlands Room 232 High Street, Melton 3337</p>

CARRIED

REPORT

1. Executive Summary

Whilst not mentioned in the *Local Government Act 2020* (the 2020 Act), Council has the power to create Advisory Committees pursuant to its general power set out in section 10 of the 2020 Act.

The minutes of the Advisory Committees attached to this report form the written record of the committee meetings, including any matters considered and any conflicts of interest disclosed.

The minutes also serve as the advice/recommendations to Council for its consideration.

2. Background/Issues

An Advisory Committee is a committee established by Council to provide advice to it or its delegate. Whilst not mentioned in the 2020 Act, Council has the power to create Advisory Committees pursuant to its general power set out in section 10 of the 2020 Act.

All advisory Committees are subject to their individual Terms of Reference. The membership varies depending upon the committee's specific role. Committee membership will generally comprise a Councillor(s), council staff and community representatives and may include key stakeholders, subject matter experts and/or community service providers and organisations.

Councillor representation on Advisory Committees is generally for one year and is reviewed annually. The composition of Advisory Committees for the 2021/22 municipal year was approved by Council at its Scheduled Meeting on 22 November 2021.

The minutes of the following Advisory Committees, attached to this report, form the written record of the committee meetings detailing matters considered and any conflicts of interest disclosed.

The minutes also serve as the advice/recommendations to Council.

Meeting Date	Advisory Committee	Attached
27 July 2022	Recreation Leisure Advisory Committee	Appendix 1
8 September 2022	Safe City Advisory Committee	Appendix 2
14 September 2022	Arts and Culture Advisory Committee	Appendix 3
22 September 2022	Reconciliation Advisory Committee	Appendix 4
4 October 2022	Youth Advisory Committee	Appendix 5
6 October 2022	Disability Advisory Committee	Appendix 6
6 October 2022	Heritage Advisory Committee	Appendix 7
20 October 2022	Policy Review Panel	Appendix 8

3. Council and Wellbeing Plan Reference and Policy Reference

The Melton City Council 2021-2025 Council and Wellbeing Plan references:

6. A high performing organisation that demonstrates civic leadership and organisational excellence

6.3 An organisation that demonstrates excellence in civic leadership and governance.

4. Financial Considerations

Advisory Committees are not responsible for operational expenditure and cannot direct Council officers to act without the consent of Council. Operational expenses and administrative actions arising from an Advisory Committee meeting are accommodated within Council's recurrent budgets, unless otherwise requested within the minutes of the meeting and detailed in a recommendation to Council for consideration.

5. Consultation/Public Submissions

Advisory Committees are one method of Council consulting and communicating with the community. Such a Committee may be established to provide strategic level input into a broad area of Council operations, such as community safety or arts and culture. An Advisory Committee may also be established for a specific time-limited project, such as a review of a Local Law.

6. Risk Analysis

With a mandatory responsibility to report to Council and being restricted to making recommendations for Council consideration, risks attached to Advisory Committee actions are substantially mitigated.

It is prudent for Council to carefully consider any and all recommendations arising from Advisory Committee minutes, as Advisory Committees may canvass significant issues and significant expenditure in their deliberations.

7. Options

Advisory Committees are a Committee of Council, therefore Council has the discretion to accept, reject, amend, or seek further information on any of the Committee minutes and/or recommendations.

6. General Business

6.1 Terms of Reference

A. Biscan asked if committee had any questions regarding terms of reference or needed clarity. No comments from all committee members.

6.2 Sports Awards Format

N. Willis present the committee with the overview of the existing format and procedure for the City of Melton Sport Awards including award categories, format, costs, venue and attendance.

Explained that due to Covid restrictions the awards program have not been ran over the last 2 years. Officers are now undertaking a review of the program as to how / if it continues in the future or could be part of a broader City of Melton Awards program.

The representatives discussed if they would like to continue with the Sports Awards, thoughts on the current format including the Award night and any different formats should be considered.

J.Harris commented that awards night is a fantastic event with several inspiring guest speakers over the years.

T.Azzopardi added that we shouldn't combine the night with other events/awards nights as it may take away the focus from sport.

S.Buccheri suggested hosting the night at club venues as a cost saving on venue hire and opportunity for clubs to fundraise by providing food/drinks.

Preference of the Committee was it is well supported and supported Council to continue to hold the Sports Awards and not be combined with other award events.

Action

N.Willis to present options to the committee at the next meeting in November outlining potential changes in : date, venues, format and award categories.

6.3 City of Melton DRAFT Cricket Strategy

R.Ward presented on the DRAFT City of Melton Cricket Strategy outlining that the strategy has been developed to provide strategic priorities and actions to support the sustainable growth of cricket across the municipality. R.Ward informed the committee that key directions are around :

- Facilities – Provision of new facilities
- Participation – Establishment of new clubs in new communities, and supporting existing clubs
- Partnerships – the Strategy provides a sustainable club development, governance and partnership framework

R.Ward asked committee for their feedback.

T.Azzopardi was concerned that the establishment of new clubs in new communities and not looking after existing clubs needs.

MINUTES

Cr Carli also asked are current clubs missing out and are their facilities being looked after to continue to be fit for purpose.

S.Buccheri asked out of interest where the implementation of the Soccer Strategy was at, as its been at least a year or 2 since its development. S.Buccheri also asked if there was another map showing Plumpton as current map did not.

A.Biscan responded with Soccer Strategy implementation has been successful. Outcomes include the development of the MacPherson Park soccer pavilion, improvement works at Taylors Hill Recreation Reserve development and the Brookside Recreation Reserve pavilion extension. Also seen the formation of the Aintree Soccer Club for the 2022 winter season.

Action

N. Willis to send email to committee members asking for their feedback on the strategy.

K.Caruana to provided map of Plumpton PSP at November meeting

6.4 Sport and Recreation Facility Development Policy

7. K.Caruana informed the committee that a Sport and Recreation Facility Development: is being established to help guide Council's investment in sport and recreation facilities

MINUTES

including pavilions, sportsgrounds, tennis and netball courts, floodlights, cricket nets and other related infrastructure.

- The current Community Group Capital Works Contribution Policy 2012 has expired
- Once developed the policy will be implemented in conjunction with Facility Development Standards which describe the standard to which Council will fund the development of sport and recreation facilities. T
- The policy will provide a framework for Council to enter into partnerships with clubs to contribute towards the development of sport and recreation facilities
- Council receives regular requests from clubs to undertake capital improvements to the facilities they utilise. The policy would provide a framework for clubs to propose works and for Council to consider and approve requests. A

K. Caruana opened discussion to the committee for feedback.

S.Buccheri asked what is the intent of framework for benchmarking. A., Biscan replied it will help guide the investment by describing the standard to which sport and recreation facilities would be developed..

A. Dyke asked does it allow for regional facilities to upgraded to higher level. A. Biscan replied that the provision of regional facilities would generally be guided by sports strategies such as the cricket and soccer strategies.

Cr Carli wanted to know what the time frame was? K.Carauna replied aiming for October final.

E.Attard mentioned that many public spaces are not accessible and cannot be used by certain people.

Action

N. Willis to send email to committee members a short survey to capture feedback to help develop the draft policy.

MINUTES

6.5 Cobblebank Stadium Tour

Committee members toured the facility under guidance of A. Biscan

8. Other Business

Cr Abboushi requested that Plumpton Aquatic Centre update be a regular agenda item.

Cr Carli asked if meeting time could be extended to an hour and half next time to cater for discussions.

6. General Business**6.1 Empowering Communities Initiative Presentations**

E Johnston provided background on the Empowering Communities Project. M Monahan and L Hogg were introduced.

Connecting Our Communities Outdoors (COCO) initiative

M Monahan spoke about Edmund Rice Services – Mt Atkinson and its role in improving community connections. In response to a question from Cr Ramsey, M Monahan provided some examples of the programs they deliver.

To develop the COCO initiative, a steering group has formed from representatives of the PAG. The group will help to steer the initiative and provide advice (for example, on challenges with consultation).

COCO will build on Edmund Rice Services existing programs, utilising outdoor spaces to bring people together and improve social cohesion. M Monahan outlined the objectives of the COCO initiative and some of the activities which are being planned for across the local government area.

MINUTES

Family Empowered Engagement in Learning (FEEL) initiative

L Hogg presented on the FEEL Initiative, an early intervention program for the families of primary school aged children with chronic absenteeism. The role of Whitelion was detailed, followed by a discussion on the rationale for the initiative and risk factors for offending. J Mutsaerts supported the need for this type of program.

Two schools have agreed to participate in the initiative including Aintree Primary School and Melton West Primary school. Two further schools are still to be confirmed.

L Hogg outlined the program aims and objectives, before providing more details on the initiative and how it will be delivered. Lastly, the evaluation methods were presented.

In response to a suggestion from K Lawson and Cr Ramsey, L Hogg indicated they would be able to collate some themed data about barriers to school attendance and a summarised version of this feedback could be shared with Council. Cr Ramsey commended the presentations and emphasised the need for these types of initiatives.

Action

Further updates to be provided when available. E Johnston to circulate FEEL initiative slides.

L Hogg & M Monahan left the meeting at 10.41am.

6.2 Hoon Community Reference Group

E Rider provided an update on the Hoon Community Reference Group (HCRG), which has now met three times throughout the year to discuss issues around hooning and dangerous driving behaviour. The structure of the group was explained.

Several engagement sessions were hosted over July and August within the community, with one taking place in the City of Brimbank for the western region. Most of the feedback aligned with the discussions of the HCRG. Both have shone light on the concerns about hooning and some potential solutions. Statewide adoption of laws which increase the powers of police to respond to hoon events is being discussed, as well as engagement programs and innovative technology.

At the session next week, the HCRG will be consolidating their recommendations for State Government for consideration before the election caretaker period. The final report will be circulated by the Department when it's available. After the election, the government will decide which recommendations will be adopted.

In response to a question from Cr Ramsey, E Rider indicated that we're not able to pre-empt the final recommendations of the report or what will ultimately be adopted but there appears to be substantial support from the HCRG for the law to be introduced. A Venda agreed. E Rider provided feedback that the HCRG has been run well, and thanked the Department for their engagement.

Action

E Rider to circulate the final report when available.

A Venda left the meeting at 10.55am.

6.3 Crime Prevention Through Environmental Design (CPTED) Audits

J Mutsaerts provided a background on CPTED principles. Since the last meeting three CPTED audits have taken place including Grandview Park in Hillside, Brookside Community Centre and the Melton Botanic Garden.

A report from the audit at Grandview Park has been completed, with no recommendations for Council. The audit findings for Brookside Community Centre will be forthcoming, with opportunities for Council on some ways to address issues including

anti-social behaviour and vandalism. E Johnston acknowledged the efforts of the Young Communities Outreach team who have been working to engage young people around the site and improve safety.

The audit at Melton Botanic Garden was also attended by the volunteers from Friends of Melton Botanic Garden (FMBG) who spoke to some of the issues occurring. Cr Ramsey thanked J Mutsaerts and E Johnston for their work with the CPTED audits.

Action

Victoria Police to complete CPTED audit findings and bring to Council officers for discussion regarding opportunities.

6.4 Alternative approach for the Community Road Safety Forum

E Johnston spoke to a proposal to trial a new option for road safety engagement through focus groups with young people, which will provide insights on how Council can better engage this cohort and if still appropriate, inform how the forum could be run in the future.

Cr Ramsey expressed her support for the forum, and emphasised the importance of reaching those who are disengaged. E Johnston and E Rider discussed that attendance at the forums has been waning, further impacted by COVID-19 which has caused Council to review how many programs are run to ensure we are delivering effective initiatives.

Cr Ramsey suggested partnerships with schools and offering free driving lessons to all those who attend. K Lawson and E Johnston mentioned that these partnerships exist and that this could be integrated, but that we need to be mindful of replicating programs that already exist. A Nguyen advised that they could share some of the feedback received through the Fit to Drive program also, which Cr Ramsey welcomed.

Action

E Johnston will provide an update about and outcomes from the focus groups at the December meeting.

6.5 Member Updates

Cr Ramsey asked whether other members has any topics they would like to discuss.

Fit to Drive Foundation

Fit to Drive have developed a new initiative in partnership with Victoria Police, called the Greenlight Initiative, that aims to support supervising drivers. A pilot session was recently run, and changes are being incorporated. Fit to Drive are looking to partner with stakeholders in the City of Melton to deliver it. Fit to Drive are also working on a program with Victoria Police which focuses on safety for Year 12 students attending Schoolies and graduation.

Engineering Services Projects

K Walton advised that approval has been received from the Department of Transport to reduce speed limits on several roads across the municipality. Sinclairs Road, Deanside will have variable speed signs installed. In a response to a question from Cr Ramsey, K Walton advised that the reduced speed for Holden Road is in respect of the level crossing removal and the dust caused by higher speeds on the unsealed road. In response to a follow up question, K Walton advised he would ask Council officers to review the compliance of the speed hump on Creamery Road.

K Walton advised that pedestrian facility upgrades will soon commence along Station and Exford Road. Other projects include electronic speed signs for major roads and pedestrian head-start programming to traffic signals in Caroline Springs, a new raised pedestrian and traffic calming measures for Claret Ash Boulevard, raised pedestrian

MINUTES

platforms at the intersection of Royal Crescent and Wattle Valley Drive, and a new school crossing with flashing lights on Fields Street, Aintree.

Council's Road & Community Safety Projects

The Kurunjang Community Strengthening Project is continuing with funding from the Department of Justice and Community Safety. An extension was required due to delays undertaking field work for the Cultural Heritage Management Plan (CHMP). E Johnston advised that the CHMP is now complete (with some minor changes being made) and the plans have been finalised. Council will be requesting quotes for the works from this week, and the works are expected to commence next month with the installation of the disc golf course. Council will also be engaging the Kurunjang community later in the year regarding activation.

Victoria Police

L Prentice-Evans spoke about the incident which occurred over the weekend involving young people in various locations across Melton. E Rider and K Lawson were thanked for offering their support and arranging local outreach work earlier in the week. Victoria Police are working with the Proactive Policing Unit to address the issue and acknowledge the need for collaboration. They were working closely with the schools through the Principals Network, and Council to address the issues. They are also responding to other issues relating to ramming of police cars on Monday and earlier today. Cr Ramsey asked L Prentice-Evans to let Council know if further support can be provided.

L Prentice-Evans left the meeting at 11.43am.

Council's Diversity & Intercultural Projects

E Dileri advised that Council are running programs on understanding and celebrating emerging communities, with a profile expected to be released in October for the Afghan community. Information will be circulated to the committee and members are asked to share it with their networks. The aim is to help educate the broader community about customs and traditions that they can engage with.

Action

A Nguyen to share feedback from students

L Prentice-Evans to present on the Neighbourhood Policing Initiative at the next meeting

7. Next Meeting

Cr Ramsey thanked the committee members for their work, especially in difficult circumstances such as the last week.

The next meeting will be held on Thursday 8 December 2022 commencing at 10am in hybrid format – venue to be advised.

8. Close of Business

Cr Ramsey closed the meeting at 11.47am.

6. General Business**6.1 Public Art Master Plan progress update, E White**

E White informed the committee that the Master Plan is coming close to the final product. Consultants are helping council work through curatorial framework, public art typologies and putting in place strong Public Art processes and procedures for the Municipality.

The four key areas of curatorial focus for the plan are Indigenous voices, Play, Celebrating interculturalism and Sustainability. The strategy will directly reference existing strategies in council and help support Public Art initiatives by external partners and stakeholders in the municipality.

A draft has been provided and is currently being considered. The aim is to have a final product before the next Arts and Culture Advisory Committee meeting in November for feedback before bringing the endorsed version to council in December.

6.2 National Cultural Policy LGA Growth Areas submission, M McClelland

M McClelland introduced the National Cultural Policy LGA Growth Areas submission. Melton City Council partnered with other local government growth areas for this submission: Cardinia, Whittlesea, Hume, Casey, and Wyndham.

The key messages of this submission were the role of outer metro in attracting new growth and new artists to these areas. Funding needs to be considered for these growth areas as they sit between metro and regional so often miss out on financial injections.

MINUTES

The submission has been put in and council are awaiting the release of the new National Cultural Policy to inform future advocacy and avenues for funding support. The submission will be circulated to those who are interested.

6.3 Linear Park Public Art Commission update, M McClelland

M McClelland provided an update on the Linear Park Public Art Commission by Jade Oakley. Detail design phase has been completed, with fabrication and installation underway.

Community engagement resulted in engaging with 53 community members in person and 18 through an online survey. Letters were also mailed to 1,300 residents in a 500 metre radius of the park.

The next steps after fabrication will be to release community notices regarding installation and a launch event.

6.4 Melton South Mural Project update, V Cooper

V Cooper provided an update on the Melton South mural project.

The legal agreement has gone forward to the business owners' legal team for review. This agreement should be confirmed and signed within the next month. This project is aiming for completion by end of the calendar year.

Cr Carli asked whether a community event is to be organised to celebrate the launch of the mural- V Cooper confirmed a public event is to be held.

6.5 Western BACE Mural Project update, V Cooper

V Cooper introduced the Western BACE mural project concept. This large-scale mural will be 34-metres in length. With the mural wall highly visible along the main arterial road in Cobblebank.

This project is developed in collaboration with Western BACE. The brief is formulated around the idea of Western BACE's key values; the way we accumulate knowledge, share knowledge with each other and how knowledge is shared throughout our communities.

Western BACE will be developing and delivering a professional development program for young people, which the artist will be appearing in.

Expressions of interest close on Monday 19 September. Selection starts of Wednesday 21 September and the project is set to be installed in March/April 2023.

6.6 Groundwork Exhibition Program update, M McClelland

M McClelland provided an update on the newly launched program for exhibitions in 2023. The program launched makes it clear to local artists the high level of mentoring and support they will receive when working with the arts team.

This year's program attracted 10 local artist applications, 7 from new artists we have never engaged before.

The 2023 Groundwork Season is as follows:

Phyrric victory by Adelai van Loggrenberg, March to June 2023, Melton library

She will by Nanchock Santino Chol, June to October 2023, Melton library

Journey of Life by Ayesha Bakhtawar, October 2023 to February 2024, Melton library

Conversations with Birds by Naomi Leeder, February to July 2023, Civic Centre

Love where you are by Tess Angala, August 2023 to February 2024, Civic Centre

*MINUTES***6.7 CS Gallery Exhibition Program update, M McClelland**

M McClelland introduced the CS Gallery Exhibition Program. The program has been developed in response to the Creative Melton 2030 Commitments.

The gallery has attracted over 3,000 visitors since January, and the Public Galleries Association of Victoria has endorsed CS Gallery's membership as a gallery space.

The 2023 program will include 3-4 professional exhibitions and a city-wide schools exhibition featuring the best work by year 10 students from a number of high schools each year.

The next exhibition featuring at CS Gallery will be 'Wonderful-strong', from Illustrator and author Maxine Beneba Clarke from December 22 to March 2023. The exhibition features important themes around empowerment of African diaspora communities and families.

M Naismith left the meeting at 7.01pm.

7 . Other business:

L Carli led the committee in thanking M McClelland for her hard work and dedication at the City of Melton for the past five years and wished her the best of luck for her new and exciting role as she finishes up at the Arts team next week.

In Attendance: Representatives from Bundyi Girri Consulting:

- Alex Splitt
- Mark McMillan
- Peter West

Quorum *Quorum will consist of one (1) Councillor, one (1) Council Officer and four (4) Aboriginal organisation or community members.*

Chairperson: Cr Ashleigh Vandenberg

Minute Taker: Shane Evans

1. Welcome and Introductions

The meeting commenced once quorum was met. Cr Vandenberg opened the meeting and welcomed and thanked everyone attending. Aunty J Axford Wurundjeri Elder provided a Welcome to Country.

A minute's silence was observed before the meeting commenced for Uncle Archie Roach & Aunty Margaret Gardiner both highly respected Elders who passed away recently.

Cr Vandenberg read through the Cultural safety commitments and protocols.

Apologies were noted from Karen Jones, Local Aboriginal Community Member and

Skye Gooch, Chairperson, KIRRIP Aboriginal Corporation.

2. Declaration of interests and/or conflict of interests

Nil

3. Confirmation of previous minutes of previous meeting

Note:

The minutes of the previous meeting (held on 8 March 2022) have already been emailed and circulated and approved by the committee on 22 March 2022 and were endorsed by Council on 4 April 2022.

4. Business Arising

Before providing these updates, J.Turner briefly introduced herself to the committee (Jodie recently started as the new Community Capacity Team Leader at Council replacing Dayane Mardesich).

Reconciliation Advisory Committee vacancies and current EOI process

J Turner spoke about the recent distribution of the EOI forms to Committee members and requested members consider who in their networks they may want to contact with regards to their interest in joining the advisory committee. The Terms of Reference allows for up to 14 Aboriginal community representatives on the RAC. As a minimum the committee requires the following additions:

- One Local Aboriginal Community member position
- One Local Community member position

Action:

Council officers will follow the Expression of Interest process as per the Terms of Reference to fill the vacancies and broadly promote the opportunity to join the Advisory Committee.

Proposed way forward with wording of Acknowledgement of Country

J.Turner advised that the RAC had previously been unable to arrive at an agreed position on the wording of the Acknowledgement of Country. RAC members briefly summarised the various considerations that have been raised.

Action:

The RAC agreed that Council will lead further work directly with Traditional Owner Elders to establish their position on suitable inclusive wording for use by the City of Melton. This position can then be shared with the RAC and adopted by Council.

Renaming of Darlingsford Lake

J.Turner advised that there has been some confusion with the Wurundjeri Woi-Wurrung Aboriginal Cultural Heritage Corporation regarding the naming request and it had not been completed.

Action:

S.Evans will continue to follow up with Wurundjeri Woi-Wurrung Aboriginal Cultural Heritage Corporation who are completing the request for three naming options. These options will be presented back the RAC when they have been received.

MINUTES

Cultural information training for Councillors and Executive

J.Turner provided an update on this work on behalf of Nicole Misurelli, Manager People and Culture at Melton City Council. Nicole has commissioned NJAC to provide two training sessions scheduled for early December 2022 for Executive, Councillors and Senior Managers.

Action:

S.Evans and J.Turner to promote involvement of key staff in these sessions through the internal consultation to be conducted over October – November 2022 as a part of the RAP project.

Sitting fees for Aboriginal members of the RAC

J.Turner reported Council had undertaken some benchmarking with other Western Region Councils on their policy position on paying sitting fees for Reconciliation Advisory Committee members, getting a broad range of responses about Council practice including methods of payment. J Bentley mentioned that personal preference on the way sitting fees are paid to eligible members should be explored with individuals.

Action:

A documented policy position supporting the payment of sitting fees will be explored through Council's work in developing action items for the next Reconciliation Action Plan.

5. General Business

5.1 Aboriginal Community Hub working group

S.Evans briefly described Cr A Vandenberg's Notice of Motion requesting Council officers prepare a scoping report on the development of an Aboriginal Community Hub in the City of Melton.

S.Evans expressed his plans to establish this working group over the next 4 weeks.

P.Webster said that Aboriginal Community Hub Working Group should be made up of local grassroots community members not representatives of ACCOs not residing in Melton to ensure the work focuses on local community need and not just purely the interests of ACCOs in delivering their services locally.

Discussions identified the key questions that should frame the work of the working group related to what needs the Hub would address and the critical nature of it being Aboriginal community controlled and operated. Consideration of the catchment area for the Hub was also discussed.

Action:

S.Evans to review the ToR to reflect the RAC preference for the working group to be made up of local Aboriginal community representatives. The revised ToR will be distributed to the RAC members.

5.2 Reconciliation Action Plan Project overview and workshop

J Turner advised that the Aboriginal led and owned consultancy Bundyi Girri have been engaged by Council to deliver the community engagement phase of the development of Council's next Reconciliation Action Plan.

J.Turner introduced representatives from Bundyi Girri, Alex Splitt, Peter West and Mark McMillan who provided the committee with a presentation on their proposed framing of this work. Bundyi Girri wanted to emphasise that they will be focusing on longer term objectives rather than just the development of a two-year Reconciliation Action Plan.

Bundyi Girri will assist Council to establish a way to build Council's ability to strengthen meaningful and culturally respectful relationships with First Nations people and Traditional Owners. This will require the organisation to gain a better understanding of sovereign relationships and help develop organisational readiness for its role in enacting Treaty legislation.

Action:

S.Evans to circulate the Engagement Plan developed by Bundyi Girri to RAC members for their review.

5.3 Updates from members

- J.Layton affirmed the importance of the message shared by Bundyi Girri representatives related to the way Council understands its responsibilities towards involving First Nations people in its decision making.
- P.Webster provided a report on Kirrip's recent and forthcoming activities.

6. Next Meeting

The next meeting is to be held commencing at **6pm Wednesday 8 December 2022.**

6.1 YOUTH ADVISORY COMMITTEE TERMS OF REFERENCE 2023-2024

Responsible Officer: Troy Scoble - A/General Manager Community Services

Document Author: Kristie Lawson - Coordinator Young Communities

Date Prepared: 04 August 2022

Recommendation:

That the Policy Review Panel recommend Council approve the revised Youth Advisory Committee Terms of Reference 2023-2025, provided as **Appendix 2** to this report.

Motion

Crs Deeming/Shannon.

That the Policy Review Panel recommend Council approve the revised Youth Advisory Committee Terms of Reference 2023-2025, with changes made by the Panel highlighted in yellow, provided as **Appendix 2** to this report.

CARRIED

1. Background**1.1 The Policy**

The Youth Advisory Committee (YAC) is a Council appointed advisory committee to provide advice to Council on strategic directions, policy, plans and service delivery matters in relation to access and inclusion of young people living, working, studying or visiting the City of Melton.

The current Terms of Reference (TOR) were adopted in 2015 and require review to better reflect the composition of the committee going forward and its areas of focus. The TOR review has been undertaken and once the revised TOR is supported, it will be scheduled to be presented at a Policy Review Panel meeting for formalisation.

The identified changes in the 2015 TOR includes: the committee title, membership composition, committee purpose, recruitment process and appointment term. Incorporation of these amendments will guide and support the Committee to effectively provide advice to Council in relation to matters that relate to young people.

It was agreed by the YAC at the meeting of 16 March 2021 to make several changes to the TOR and as part of the review process, a subcommittee of Officers on the YAC undertook a review and assessed how the TOR aligned to other recently adopted Advisory Committee Terms of References, including the Disability Advisory Committee 2022-2024 Terms of Reference.

Page 3

MINUTES OF THE POLICY REVIEW PANEL20 OCTOBER 2022

Attached to this report is the existing Terms of Reference (**Appendix 1**) and a clean version of the revised Terms of Reference (**Appendix 2**)

The following issues with the Terms of Reference identified:

- The TOR title not reflective of the current committee operations.
- Existing Council numbers did not reflect the number of Councillors appointed to the Committee and Officer position titles.
- 12-month membership term was decided as too short, particularly when it takes young people several meetings to feel confident to speak up, and young people have elected to stay on post the initial 12-month term.
- The purpose is outdated and refers to 'Youth Council'.
- The definitions are outdated, School Representative Council deleted, and others included at the request of young people.
- Young people were at times outnumbered by adults on the committee.
- There is a lack of reference to inclusion and diversity, particularly around young people with disability.
- No formal Youth Advisory Committee membership recruitment process.
- Roles such as Mayor, Deputy Mayor, Treasurer and Secretary were outdated and no longer required.
- There is no longer a requirement for young people to make decisions around Council funds.

The proposed changes to the revised YAC Terms of Reference 2023-2025 include:

- Amending the Committee name.
- Amending TOR definitions.
- Increasing term of membership up to 2 years.
- Including a position for an external service provider if one can be attracted.
- Adjusting the age demographic for young people from 12-25 to 15-25. Opportunity still available for a young person younger than 15 to be nominated to the committee where skill and capacity exists however targeted age demographic of 15 and older.
- Changing a rotating Chairperson amongst the young people to a nominated Councillor consistent with other Council committees.
- Detailing the membership recruitment process.
- Removing reference to roles no longer relevant to the functioning of the committee (Youth Mayor, Deputy Mayor, Treasurer, Secretary and Youth Action Committee)
- Clarification of process and ownership of Agenda, Minutes and TOR endorsement requirements.
- Reference to diversity and disability.

The proposed changes include alignment to the recently endorsed Disability Advisory Committee 2022-2024 Terms of Reference and are reflective of discussions held within Youth Advisory Committee meetings.

1.2 Sources/benchmarking

The following sources were used to inform the updates proposed:

- Young people holding membership on the current (and previous) Youth Advisory Committee.

MINUTES OF THE POLICY REVIEW PANEL**20 OCTOBER 2022**

- Council officers from teams including Governance, Young Communities and Community Care.
- Members of the current (and previous) Youth Advisory Committee.

The recently endorsed Disability Advisory Committee 2022-2024 Terms of Reference was benchmarked for consistency and current best practice.

1.3 Consultation

The Youth Advisory Committee have been consulted and provided suggestions and input into the proposed amendments.

1.4 Communication and Implementation

Subject to endorsement by the Policy Review Panel and Council, the revised Youth Advisory Committee Terms of Reference 2023-2025 will be uploaded on the Council website. It will guide the operations of this committee from 2023 for two years.

1.5 Compliance

Council has determined to form a Youth Advisory Committee to provide advice to Council on strategic directions, policy, plans and service delivery matters in relation to access and inclusion of young people living, working, studying, or visiting the City of Melton. The Youth Advisory Committee operates in accordance with the Terms of Reference, which has been updated and is now being submitted to the Policy Review Panel for approval.

1.6 Measures of Success

The Terms of Reference will be reviewed every two years and further amendments made as required.

6.2 POLICY REVIEW PROJECT IMPLEMENTATION PLAN UPDATE

Responsible Officer: Bradley Dosser - Manager Legal, Governance & Risk

Document Author: Renee Hodgson - Governance Coordinator

Date Prepared: 13 October 2022

Recommendation:

That the progress on the Policy Review Implementation Plan, September – November 2022, be noted.

Motion

Crs Shannon/Deeming.

That the Policy Review Panel (the Panel) recommend Council:

1. Note the progress on the Policy Review Implementation Plan, September – November 2022.
2. Thank the Governance team for their work on the Policy Review Implementation Plan thus far.
3. Note the Panel is committed to finalising all overdue policies by mid-2023.
4. Note that the Chair of the Panel shall discuss with the Mayor and the Chief Executive Officer, the Panel's concerns for the timeliness with which the Panel is receiving policies from various departments across the organisation.

CARRIED

1. Background**1.1 The Policy**

The most recent version of the Policy Review Implementation Plan, provided as **Appendix 1** to this report, projected policy review commitments to the end of November 2022.

Inclusive of the Policy Review Panel October meeting, 4 of the 8 policies due for review have been presented to the panel, along with an additional Terms of Reference, as follows:

- Tree Planting and Removal Policy
- Public Transparency Policy
- Youth Advisory Committee Terms of reference
- Purchase of Outgoing Mayoral Gifts Policy (to be re-presented following briefing of Councillors)
- Policy Review Panel Terms of Reference

MINUTES OF THE POLICY REVIEW PANEL20 OCTOBER 2022

The 4 outstanding policies from the current implementation plan are listed below, with a status update provided for the Panel's information:

- **Community Group Capital Works Contribution Policy**

This policy was initially scheduled for presentation to the Panel in April 2022. A review is currently underway, with a new policy under development.

- **Public Art Policy**

This Policy was initially due for review and presentation to the Panel in March 2022, however, it was agreed that the review should be delayed to allow the policy to be informed by the Public Art Masterplan, which has recently been completed. The Public Art Policy will be presented to the November Policy Review Panel Meeting.

- **Donation Fund Policy**

Currently under review.

- **Branding Policy**

This policy was initially scheduled for presentation to the Panel in February 2022. It is yet to be finalised as work is commencing on corporate identity and corporate standards guide which has been determined will inform the Branding strategy and so should be completed first and will accompany the policy.

1.2 Sources/benchmarking

Not directly applicable to this report.

The review process for each policy will include appropriate benchmarking and review of comparable policies, as well as a consideration of applicable legislative requirements.

1.3 Consultation

Policy owners, in conjunction with Executive, have been regularly consulted in both the preparation and implementation of the Policy Review Project.

1.4 Communication and Implementation

The Committee's recommendations and subsequent resolution of Council will be communicated to the Executive and Managers. It is then the responsibility of Executive and Managers to review and present Council policies to the Policy Review Panel in accordance with communicated timeframes and the process set out in the Policy Review Process Policy.

The Governance team will monitor the Policy Review Project and prompt Executive and Managers as required. It will also update the Policy Register, Intranet and Internet as policies are reviewed and adopted by Council following consideration by the Policy Review Panel.

1.5 Compliance

The review process for Council policies includes a check for compliance with external legislation including the *Local Government Act 2020* and the *Charter of Human Rights and Responsibilities Act 2006*.

Additionally, all policies will be considered to assess whether a Gender Impact Assessment is required for compliance with the *Gender Equality Act 2020* and will be checked for compliance with Council's Instruments of Delegation.

MINUTES OF THE POLICY REVIEW PANEL

20 OCTOBER 2022

1.6 Measures of Success

The Policy Review Project will be successful if all overdue Council policies are reviewed and updated for presentation to the Policy Review Panel by mid-2023. Notwithstanding the fact that not all policies listed for review have been prepared for presentation to the Panel in accordance with the Implementation Plan, the project remains on track to be successful, pending continuation of current Policy Review Panel meeting frequency.

REPORT

1. Executive Summary

At the Ordinary Meeting of Council dated 15 August 2022, Council resolved via Notice of Motion 839 raised by Councillor Abboushi:

That Council undertake a strategy paper on all rugby codes to assess the current and future needs (participation levels and infrastructure requirements) of the sport in the City of Melton, and include recommendations on where Council plans or can further develop rectangle pitches for the codes (including the reallocation of existing sportsgrounds if appropriate) for all rugby codes in the City.

The Strategy Paper has been drafted and is attached as **Appendix 1**. This report provides further information on the current and future provision of infrastructure to service all rugby codes in the City of Melton and assesses opportunities to further support all Rugby codes in this development.

2. Background/Issues

At the Ordinary Meeting of Council 15 August 2022, Council resolved to receive a strategy paper assessing the current and future needs of all Rugby codes within the City of Melton including the current and future provision of infrastructure to service all rugby codes in the City. The Strategy Paper has been prepared and is attached as **Appendix 1**.

Current and Future Needs

Participation Levels

The City of Melton provides facility provision and participation opportunities for two Rugby codes being rugby league and rugby union. The City of Melton has one rugby league club, the Melton Broncos Rugby League Club (the Broncos) and one rugby union club, the Melton Warriors Rugby Union Club (the Warriors).

There is strong demand for both rugby codes in the City of Melton with the participation rate in both codes higher in the City of Melton than the Victoria average. There are currently 389 participants that play both codes in the City of Melton (234 in Rugby League and 155 in Rugby Union). There are a further 391 Melton residents that also migrate out of the City to play rugby in other LGAs.

Participation in both codes is projected to grow to 618 participants (+229) over the next 10 years and to 888 participants (+499) by 2051.

Rugby Facilities in Melton

Currently there is only 2 dedicated Rugby fields in the City of Melton located at MacPherson Park in the Melton Township. The Broncos have access to both these fields and have been based at MacPherson Park since 2015.

The Warriors were relocated to the Frontier Recreation Reserve on a temporary basis in 2019. The Warriors access a temporary field line marked inside the existing AFL / Cricket oval at this reserve.

The two codes previously shared MacPherson Park, but due to participation growth and the redevelopment of Macpherson Park Stage 1 and 2 it was necessary to relocate the Warriors during that time. It was intended that the Warriors would return to MacPherson Park once improvement works were completed in the Rugby / Gridiron Precinct which would involve the addition of 2 fields and shared access to facilities with the Broncos.

Infrastructure Requirements

Through detailed planning the provision of two additional fields has now been found to not be achievable at MacPherson Park. Due to current and future growth projections and restrictions with native vegetation on site, both codes are unable to share access to what will now be a 3-field facility at MacPherson Park. Engagement has been undertaken with both codes and clubs in planning for the improvements at MacPherson Park and the 'rugby community' do not support the co-location of both codes at a 3-field facility. Work is scheduled to commence on the third rugby pitch at MacPherson Park in early 2023.

Due to the growth in local football, cricket and soccer participation at Frontier Recreation Reserve there is also now an urgent need for the Warriors to relocate from this facility back into the Melton township as originally intended.

Rugby - Facility Demand Analysis

In 2020, the City of Melton Sports Facility Demand Strategy was developed. The Sports Facility Demand Strategy established a facility provision ratio of 1 rugby league field for every 60,000 persons and 1 rugby union field for every 75,000 persons as a standard benchmark based on participation ratios to ensure all residents have access to participation opportunities.

The following infrastructure requirements have been identified through an analysis of these provision ratios:

- The redevelopment of MacPherson Park will provide access to 3 fields and supporting infrastructure for rugby league. This level of provision will be sufficient to meet the needs of rugby league in the City of Melton for at least the next 10 years.
- There is an existing deficit in the provision of fields for rugby union. Access to two fields for rugby union is required in the Western Corridor in the short term. I.e. as soon as the Warriors are required to relocate from Frontier Recreation Reserve.

Options Analysis – Rugby Union in the Western Corridor

Some preliminary investigations have been undertaken to address the existing deficit in the provision of rugby union facilities in the Western Corridor and include assessments of :

- Blackwood Drive Recreation Reserve (former home of Melton Junior Football netball Club)
- Weir Views East Sports Reserve (to be developed)
- Brookfield Recreation Reserve (to be developed)

An overview of each option is provided in the attached strategy paper and summarised below. Further investigations including site assessments, engagement with the rugby community, timeframes and facility establishment costs are required to assess the suitability of each site for rugby union development.

Option 1 - Blackwood Drive Recreation Reserve

In 2022, the Melton Junior Football Netball Club relocated from Blackwood Drive Recreation Reserve to MacPherson Park. Blackwood Drive is an established facility that could be repurposed for rugby union use in the short-term with minimal investment. The reserve could be made available for use as early as the 2023 winter season. Due to the low initial investment required to accommodate rugby union the reserve would also be suitable to be allocated to the Warriors on either a temporary basis, whilst an alternate rugby union facility is developed, or as a permanent solution. The reserve is currently being used as an overflow training venue by the Melton South Junior Football Club and this club would need to be relocated to an alternate training venue.

Option 2 - Weir Views East Sports Reserve

The Toolern Precinct Structure Plan includes provision for a four-hectare sports reserve located on the corner of Shelterbelt Avenue and Grazing Road, Weir Views. The reserve was originally intended for the development of a two-pitch soccer facility, pavilion, and associated amenities. The City of Melton Soccer Strategy identifies the reserve as being a secondary soccer venue, due to the capacity to accommodate only two pitches, and as such it is a viable option to be developed as a future home venue for rugby union. The reserve is currently programmed for delivery in the next 5–10 years.

Brookfield Recreation Reserve

Brookfield Recreation Reserve is located on Clarkes Road, Brookfield. The reserve was originally intended for the development of a two-oval football (AFL) / cricket facility, pavilion, and associated amenities. As per the Sports Facility Demand Strategy, there is a good supply of ovals in the Western Corridor and as such it is a good option to be developed as a home venue for rugby union. The reserve is currently programmed for delivery in the next 5–10 years.

Proposed Recommendation

It is recommended that the Warriors be relocated to Blackwood Recreation Reserve on a temporary basis commencing the winter 2023. The reserve is currently being used as an overflow training venue by the Melton South Junior Football Club and this club would be engaged to either share the facility or relocate its overflow usage from the Melton Recreation Reserve to an alternate training venue. Mt Carberry recreation is an option to propose for this purpose.

It is recommended that further investigations, site assessments and cost planning be undertaken to assess the suitability of each option identified within this report to be developed for rugby union.

It is recommended that further engagement be undertaken with the Warriors and Rugby Victoria in assessing the options identified within this report.

3. Council and Wellbeing Plan Reference and Policy Reference

The Melton City Council 2021-2025 Council and Wellbeing Plan references:

1. A safe City that is socially and culturally connected

1.4 A City that promotes positive public health and wellbeing outcomes to our community.

4. Financial Considerations

There is no financial cost associated with this report.

5. Consultation/Public Submissions

Engagement undertaken with both clubs, NRL Victoria and Rugby Victoria in planning for the improvements at MacPherson Park. Engagement has been undertaken with Rugby Victoria in preparing the strategy report attached. . Feedback was sought on specifically on the facility development standards that need to be met to ensure facilities are fit for purpose.

Engagement has been undertaken with the Warriors has been ongoing with respect to relocating from Frontier Recreation Reserve to an alternate venue in the Melton Township. It is acknowledged that there are three options for long term development. Blackwood Drive Recreation Reserve is also acknowledged it could provide short term support to the Rugby Union Club whilst the longer-term options are realised.

Further engagement is proposed to be undertaken with the Warriors and Rugby Victoria on the options identified within this report and planning of any new facilities for rugby union in the City of Melton.

Rugby in the City of Melton – Strategy Paper

Current and Future Needs

This report provides further information on the current and future provision of infrastructure to service all rugby codes in the City of Melton and assesses opportunities to further support all Rugby codes in this development.

Participation Levels

The City of Melton has opportunities for two Rugby codes being rugby league and rugby union. The City of Melton has one rugby league club, the Melton Broncos Rugby League Club (the Broncos) and one rugby union club, the Melton Warriors Rugby Union Club (the Warriors). Participation data for both rugby codes is provided in Table 1 below.

Table 1: Participation data – Rugby codes

	Rugby League	Rugby Union
Participants 2018	213	150
Participants 2022	234	155
Change in participation 2018-2022	+21	+5
Melton Participation Rate (Victorian Participation Rate)	0.11% (0.06%)	0.071% (0.07%)
% Melton Residents	94.5%	77%
No. Melton Residents that play in other LGA's	202	189
Total number of Melton residents participating in the sport	436	344
% of participants from Melton play in another LGA	46%	55%

The following participation trends have been identified through an analysis of this data:

- The membership of both rugby codes has remained relatively stable over the past 4 years.
- The participation rate in both rugby codes is higher in the City of Melton than the rest of Victoria.
- 94% of the Broncos participants are City of Melton residents. Most of these residents reside in the western corridor.
- There are a high number of Melton residents that migrate out of Melton to play both Rugby codes in other LGAs. Families in the eastern corridor, in particular, are migrating out of Melton to play rugby league.

Participation Growth

The projected increase in participation in both rugby codes, based on current population growth and participation rates is provided in Table 2 below.

Table 2: Participation projections – Rugby codes

	Population	Rugby League	Rugby Union
Participants 2022	216,388	234	155
Participants 2032	312,630	343	275
Participants 2042	395,601	435	344
Participants 2051	450,823	496	392

Rugby Facilities in Melton

Currently there are only 2 dedicated Rugby fields in the City of Melton located at Macpherson Park in the Melton Township. The two Rugby codes were previously based at MacPherson Park, but due to participation growth and the development of Macpherson Park Stage 1 and 2, Rugby League remains at Macpherson Park whilst Rugby Union was relocated to the Frontier Recreation Reserve on a temporary basis.

The Broncos access 2 fields and supporting infrastructure at MacPherson Park Rugby / Gridiron precinct have been based at MacPherson Park since 2015.

The Warriors have been provided with one line marked field on the existing AFL / Cricket oval with access provided to an additional oval and supporting infrastructure at Frontier Recreation Reserve on a temporary basis. This arrangement has been in place since 2019. It was intended that the Warriors would relocate to the MacPherson Park Rugby / Gridiron Precinct once improvement works were completed which would involve the addition of 2 playing fields and shared access to facilities with the Broncos. Through detailed planning and design undertaken two additional pitches at MacPherson Park is not achievable and the two codes due to current and future growth projections are unable to share access to what will be a 3-pitch facility at Macpherson Park in the future.

As mentioned, Frontier Recreation Reserve was developed to function primarily as a football (AFL) and cricket facility. Participation in these sports is increasing at the reserve, which is also being heavily used for soccer, Due to the growth in local football, cricket and soccer participation at Frontier Recreation Reserve there is an urgent need for the Warriors to relocate from this facility as originally intended.

Infrastructure Requirements

In 2020, the City of Melton Sports Facility Demand Strategy was developed. The Strategy profiled 13 key sports, including both rugby codes, and provided guidance on infrastructure required across the City of Melton to support projected growth in participation.

The Strategy established a facility hierarchy and associated standards for use during the planning and development of facilities for both rugby codes across the City. The standards align with the facility development guidelines of the peak sporting bodies for both rugby codes. The facility development standards are outlined in further detail on page 3 of this report.

The Sports Facility Demand Strategy established a facility provision ratio of 1 rugby league field for every 60,000 persons and 1 rugby union field for every 75,000 persons as a standard benchmark based on participation ratios to ensure all residents have access to participation opportunities. The infographics on pages 4 and 5 outline existing facility provision, current provision ratios and deficits and the number of new fields required in each precinct by 2032, 2042 and 2051. The infographics also shows the location of all existing and planned fields for rugby league and rugby union.

The following infrastructure requirements have been identified through an analysis of this provision:

- The planned provision of facilities for rugby league align with the projected demand.
- Access to two fields for rugby union is required in the Western Corridor in the short term. I.e. as soon as the Warriors are required to relocate from Frontier Recreation Reserve.
- Future planning will need to consider the provision of 2 additional rugby fields in the Central Growth Corridor by 2042.

Facility Development Standards – Rugby Codes

Sports facility demand planning undertaken by the City of Melton established the following standards for use during the planning and development of facilities for both rugby codes across the City. The standards align with the facility development guidelines of both sporting codes.

Area: 6 hectares.

Playing surfaces:

- Two fields per site with North-South pitch orientation.
- Size of playing area :League - 100m long, plus 8m in goal area at each end. 68m wide. Run-off: 4.0m.
- Size of playing area : Union - 100m long, plus 10-22m in goal area at each end. 70m wide. Run-off: 4.0m.
- 1050mm pipe and rail fence with chain-mesh infill.
- Complete network of sub-surface drainage and irrigation.
- Ball protection fencing required if goals are within 10m of car parking, roads, buildings or footpaths

Infrastructure:

- Four bench seats per oval. Consider spectator shade in key gathering areas.
- Vehicle and pedestrian fencing around the facility.
- Off-street minimum 50 cars per field.
- Drinking fountains x 1 per field / Rubbish bins – minimum 720 litres per oval / Public toilets – externally accessible at the pavilion.
- Scoreboard stand provided. Minimum 2m high and 2.6m wide

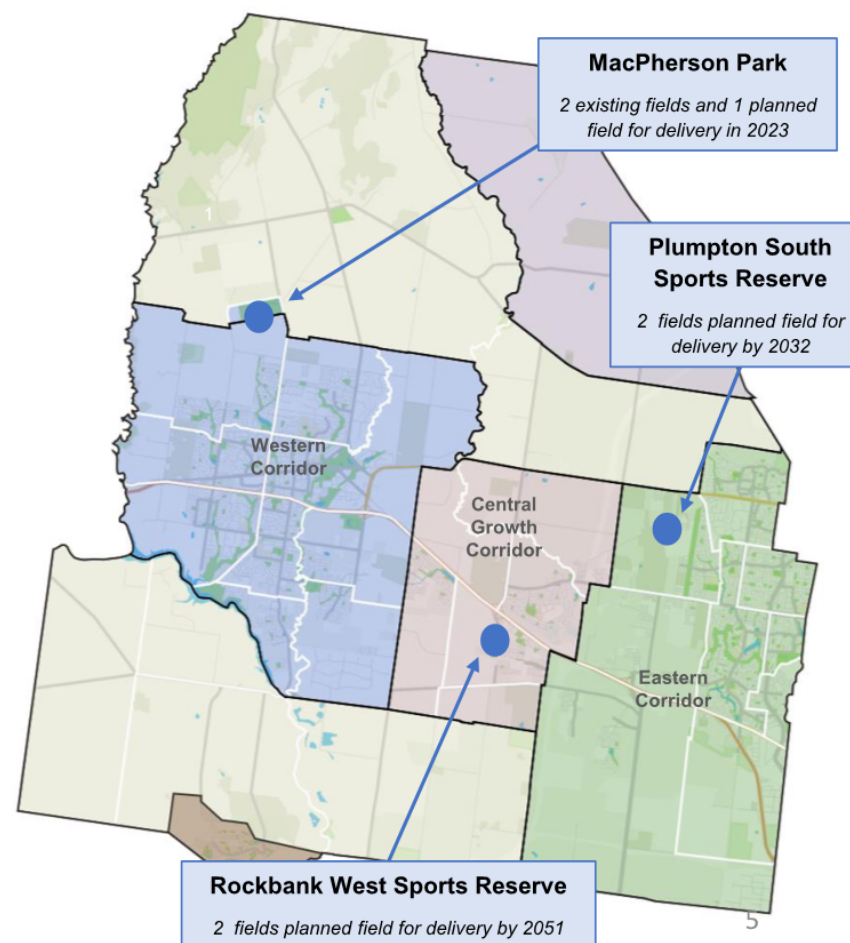

Pavilion:

- Amenities - 25m².
- Change Rooms - 30m².
- External covered viewing - 50m².
- First aid room - 15m².
- Kitchen / kiosk (includes storage) - 30m².
- Public toilets - 20m².
- Umpires room (includes amenities) - 15m².
- Storage (10m² per tenant) - 20m².
- Social (community) room - 130m².
- Social room storage - 18m².
- Cleaner's storage - 5m².

Planning for Future Rugby League Facility Provision

Sports facility demand planning undertaken by the City of Melton aims to provide one rugby league field for every 60,000 persons as a standard benchmark based on participation ratios to ensure all residents have access to local participation opportunities. The infographic below outlines existing provision, current provision ratios and deficits and the number of new fields required by 2032, 2042 and 2051. The infographic also shows the location of all existing and planned fields for rugby league.

Existing Provision: MacPherson Park – 2 fields
Current Population: 216,388
Current Provision Ratio: 1:108,194
Current Provision Deficit: 1 field
Planned Provision: MacPherson Park – 1 field
2032 Population: 312,630
New Fields Required by 2032: 2 fields
Planned Provision: Plumpton South Sports Reserve – 2 fields
2042 Population: 395,601
New Fields Required by 2042: 1 field
2051 Population: 450,823
New Fields Required by 2051: 1 field
Planned Provision: Rockbank West South Sports Reserve – 2 fields
TOTAL SITES / FIELDS REQUIRED BY 2051: 3 sites / 7 fields
TOTAL SITES / FIELDS PLANNED BY 2051: 3 sites / 7 fields

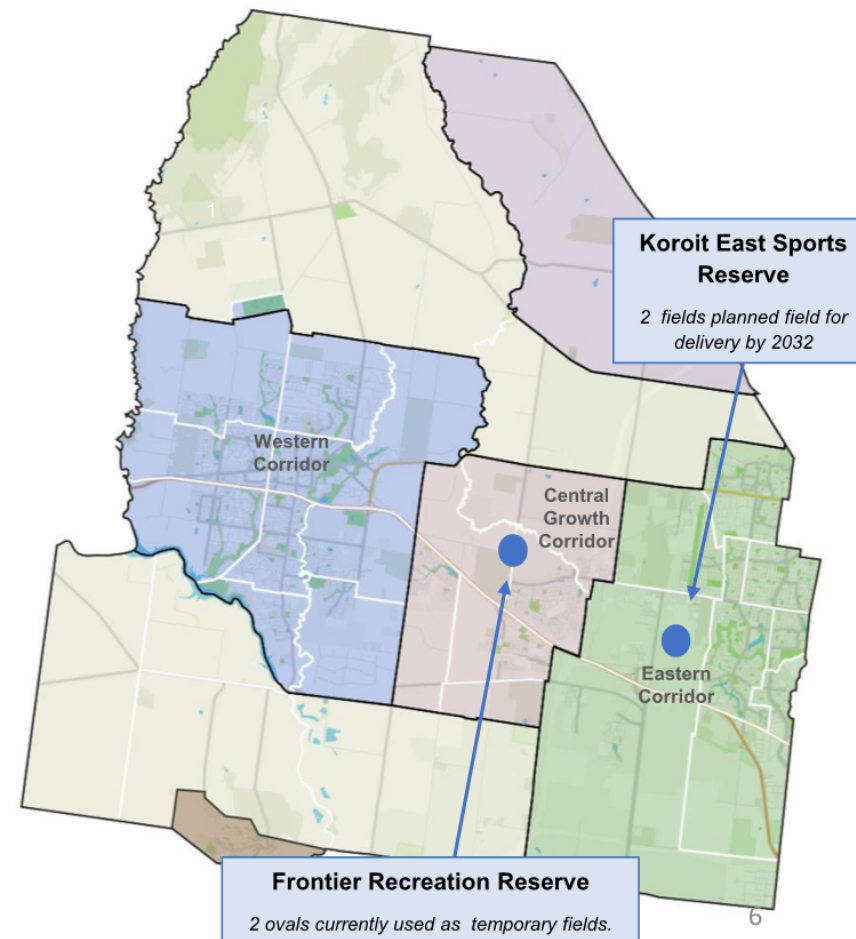

Planning for Future Rugby Union Facility Provision

Sports facility demand planning undertaken by the City of Melton aims to provide one rugby union field for every 75,000 persons as a standard benchmark based on participation ratios to ensure all residents have access to local participation opportunities. The infographic below outlines existing provision, current provision ratios and deficits and the number of new fields required by 2032, 2042 and 2051. The infographic also shows the location of all existing and planned fields for rugby union.

Existing Provision: 0 fields

2 additional fields are required in the Western Corridor by 2024.
 2 additional fields are required in the Central Corridor by 2042.

MacPherson Park – Rugby / Gridiron Precinct

Improvements to the MacPherson Park – Rugby / Gridiron Precinct are scheduled to occur in 2022/23 with the construction of a third field and design of a new sports pavilion for rugby league to replace the existing facilities. The pavilion is identified for construction commencement in 2023/24 in the draft capital works program.

The existing MacPherson Park Recreation Reserve Master Plan 2017 proposed a cluster of four fields in the rugby / gridiron precinct and a sports pavilion to provide a home venue for the Broncos, Warriors and the Melton Wolves Gridiron Club (the Wolves).

Site investigations undertaken for the development of this precinct identified that the establishment of four fields was considered no longer feasible or achievable and proposal was revised to provide for three fields in the future.

Engagement undertaken with both clubs, NRL Victoria and Rugby Victoria in planning for the improvements at MacPherson Park. The ‘rugby community’ do not support the co-location of both rugby codes at MacPherson Park due to:

- The operational burden that sharing of facilities in the same season places on club volunteers.
- The capacity of the proposed facilities (3 fields, 1 pavilion) to cater for current usage and projected growth.
- Inequity of provision when compared to other clubs and sporting codes in the City of Melton.

This engagement confirmed that it is not feasible with growth in participation to establish a shared use facility for both rugby codes at MacPherson Park. The Macpherson Park facility will now be shared by the Broncos and the Wolves.

Rugby - Facility Demand Analysis

This report has identified that redevelopment of MacPherson Park will provide access to 3 fields and supporting infrastructure that comply with the facility development standards for rugby league. This level of provision will be sufficient to meet the needs of rugby league in the City of Melton for at least the next 10 years.

Table 3 below outlines the number of new fields required by 2032, 2042 and 2051 for both rugby codes. The table also shows where these fields should be located.

Table 3: Facility Demand Analysis – Rugby codes

	2022 to 2032	2032 to 2042	2042 to 2051
Rugby League	1 field (MacPherson Park)	2 fields (Eastern Corridor)	2 fields (Central Corridor)
Rugby Union	2 fields (Western Corridor)	2 fields (Eastern Corridor)	2 fields (Central Corridor)

Options Analysis - Rugby Union in the Western Corridor

Some preliminary investigations have been undertaken at to address the existing deficit in the provision of rugby union facilities in the Western Corridor. Preliminary investigations have been prepared for Blackwood Drive Recreation Reserve, Weir Views East Sports Reserve and Brookfield Recreation Reserve.

An overview of each Option is provided in the map below and pages 8 to 10. These options do not represent final or preferred options but provide some direction in terms of site locations and potential layout. Further investigations, site assessments and engagement with the rugby community are required to assess the suitability of each site to be developed for rugby union, associated costs and timeframes.

Map of Melton Township (Western Corridor) showing options for provision of 2 rugby union fields.

Blackwood Drive Recreation Reserve, Reynolds Place, Melton South

In 2022, the Melton Junior Football Netball Club relocated from Blackwood Drive Recreation Reserve to MacPherson Park. The site has the capacity to cater for 2 senior sized fields and smaller junior fields. The existing pavilion, car parking and sports field lighting support immediate use for rugby union. Blackwood Drive is a good candidate to be repurposed as a home venue for rugby union.

Pros: Blackwood Drive is an established facility that could be repurposed for rugby union use in the short-term with minimal investment. The reserve could be made available for use as early as the 2023 winter season. Due to the low initial investment required to accommodate rugby union the reserve would also be suitable to be allocated to the Warriors on either a temporary basis, whilst an alternate rugby union facility is developed, or as a permanent solution .

Cons: The main field would be oriented east-west (north-south is preferred). The second field does not have floodlighting and is a poorer quality field. Further investment will be required in the medium-long term to upgrade the playing fields and develop lighting on field 2. The reserve is currently being used as an overflow training venue by the Melton South Junior Football Club and this club would need to be relocated to an alternate training venue.

Weir Views East Sports Reserve, Shelterbelt Avenue and Grazing Road, Weir Views

The Toolern Precinct Structure Plan (PSP) includes provision for a four-hectare sports reserve located on the corner of Shelterbelt Avenue and Grazing Road, Weir Views. The reserve was originally intended for the development of a two-pitch soccer facility, pavilion, and associated amenities. The City of Melton Soccer Strategy identifies the reserve as being a secondary soccer venue, due to the capacity to accommodate only two pitches, and as such it is a good option to be developed as a home venue for rugby union. The reserve is currently programmed for delivery in the next 5–10 years.

Pros: As a new facility this reserve could be planned and developed specifically with rugby union use in mind, resulting in a more functional layout. There would be an opportunity to engage with the Warriors and Rugby Victoria as part of the planning and development of the facilities. The investment required to deliver a rugby union facility will be no different to the investment required to develop the reserve for soccer.

Cons: This reserve is not scheduled for development until the medium term and as such a temporary home for the Warriors would need to be made available until the development is complete. A planning amendment is required to the Toolern PSP to develop this space for any use other than soccer. A review of the Toolern PSP is currently underway.

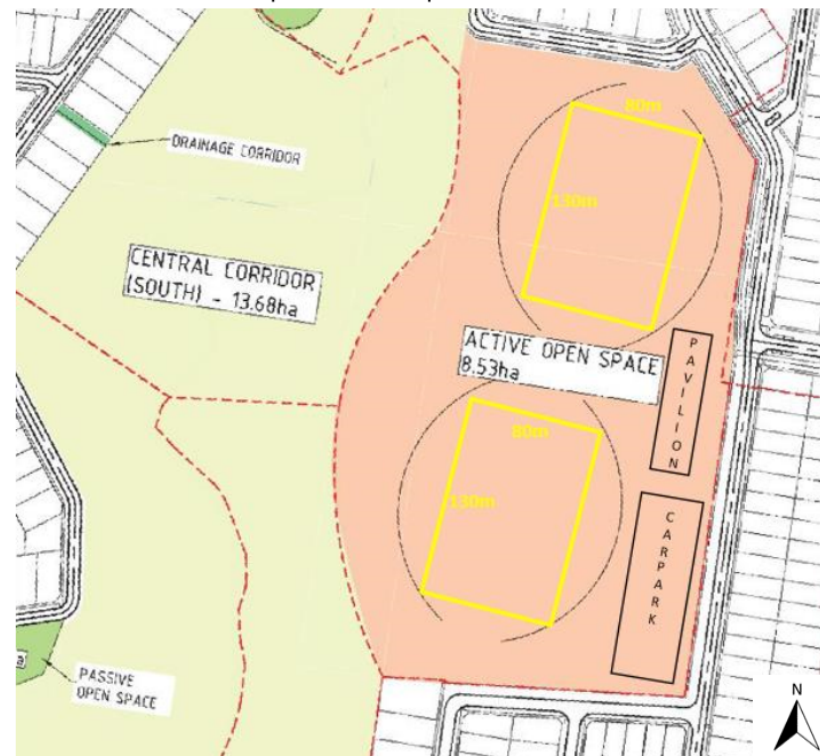

Brookfield Recreation Reserve

Brookfield Recreation Reserve is located on Clarkes Road, Brookfield. The reserve was originally intended for the development of a two-oval football (AFL) / cricket facility, pavilion, and associated amenities. There is a good supply of ovals in the Western Corridor and as such it is a good candidate to be developed as a home venue for rugby union. The reserve is currently programmed for delivery in the next 5–10 years.

Pros: As a new facility this reserve could be planned and developed specifically with rugby union use in mind, resulting in a more functional layout. There would be an opportunity to engage with the Warriors and Rugby Victoria as part of the planning and development of the facilities. The investment required to deliver a rugby union facility will be no different to the investment required to develop the reserve for football/cricket.

Cons: This reserve is not scheduled for development until the medium term and as such a temporary home for the Warriors would need to be made available until the development is complete.

Proposed Recommendations

It is recommended that the Warriors be relocated to Blackwood Recreation Reserve on a temporary basis commencing the winter 2023. The reserve is currently being used as an overflow training venue by the Melton South Junior Football Club and this club would need to be relocated to an alternate training venue.

It is recommended that further investigations, site assessments and cost planning be undertaken to assess the suitability of each option identified within this report to be developed for rugby union.

It is recommended that further engagement be undertaken with the Warriors and Rugby Victoria in assessing the options identified within this report.

12.4 MUNICIPAL ASSOCIATION OF VICTORIA REGIONAL GROUPING OF COUNCILS REVIEW

Author: Bradley Dosser - Manager Legal, Governance & Risk
Presenter: Roslyn Wai - Chief Executive Officer

PURPOSE OF REPORT

To obtain Council's view on which regional groupings of councils it wishes to be a part of in respect of its membership of the Municipal Association of Victoria (MAV).

RECOMMENDATION:

That Council:

1. Submit feedback on the Municipal Association of Victoria's Options Paper regarding regional groupings of councils, supporting Metropolitan Option 1.
2. Prepare a joint submission in conjunction with all western councils in support of Option 1.

Motion

Crs Majdlik/Shannon.

That Council:

1. Submit feedback on the Municipal Association of Victoria's Options Paper regarding regional groupings of councils, supporting Metropolitan Option 1.
2. Prepare a joint submission in conjunction with all western councils in support of Option 1.

CARRIED

REPORT

1. Executive Summary

Following the decision of MAV State Council to alter the number of regions from 12 to 10, the need has arisen to consider how the remaining regions will be reconfigured.

MAV has issued an Options Paper, provided as **Appendix 1** to this report, which addresses these considerations.

If Council wishes to provide feedback related to the configuration of the metropolitan region of which it is a part, it must provide its preference for one of two options presented prior to Wednesday 7 December 2022.

2. Background/Issues

The MAV Board seeks to consult with participating member councils to determine the regional groupings of councils and classify each member council as belonging to:

- one of the five regional groupings of metropolitan councils; or
- one of the five regional groupings of non-metropolitan councils.

Written feedback is due by Wednesday 7 December about the configuration of the MAV Board regional groupings of councils as proposed in the Options Paper, provided as **Appendix 1** to this report.

The feedback from councils will be a critical consideration when the MAV Board determines the regional groupings and classifies each council as belonging to one of those groupings.

Under the existing groupings, Melton is currently a member of the metropolitan west region. The choice between options presented is effectively who else is included in the western metropolitan region.

In Option 1, called the Metropolitan West Region, in addition to Melton, this includes:

- Wyndham
- Hobsons Bay
- Maribyrnong
- Brimbank
- Moonee Valley

In Option 2, called the Metropolitan North West Region, in addition to Melton, this includes:

- Wyndham
- Hobsons Bay
- Brimbank
- Hume
- Whittlesea

It is worth noting that region configurations do not preclude councils from participating in other regional groups in pursuit of delivering the best possible outcomes for their communities.

The regional groupings will be determined at a MAV Board meeting in December. All MAV Members and MAV delegates will be advised of the outcome within 14 days of the decision being made. Cr Majdlik is Melton City Council's delegate, and so will receive this advice on behalf of Melton City Council.

3. Council and Wellbeing Plan Reference and Policy Reference

The Melton City Council 2021-2025 Council and Wellbeing Plan references:

6. A high performing organisation that demonstrates civic leadership and organisational excellence

6.3 An organisation that demonstrates excellence in civic leadership and governance.

4. Financial Considerations

Not applicable.

5. Consultation/Public Submissions

Not required.

6. Risk Analysis

There are no risks identified resulting from the consideration of this report.

7. Options

Council has the option to:

1. Adopt the officers' recommendations as presented in this report;
2. Submit feedback to the MAV on its Options Paper supporting Metropolitan Option 2; or
3. Not submit feedback to the MAV on its Options Paper.

Foreword

From the MAV President

On behalf of the MAV Board, I am pleased to release this Options Paper and invite feedback from councils on the options presented for the new configuration of the MAV regional groupings of councils.

The need for the review of groupings, follows the decision of State Council to alter the number of regions from 12 to 10 and the number of delegates elected to the MAV Board as Directors from 12 to 10.

The regional groupings were last reviewed in the early 2000s. This review provides an opportunity to consider present-day requirements including how to group councils in a way that best serves the sector and the good governance of the MAV. In future, the MAV Rules 2022 provide for regional grouping reviews to be conducted at least once every six years.

Whilst there are many ways to configure the regional groupings, the Board's identification of options was underpinned by the following principles. The principles, applied as a whole and not on a hierarchy, provide that each regional grouping should have an equal number of councils; each regional grouping should comprise of councils with common interests; and regional groupings should align with other representative structures that engage with councils.

The MAV Rules 2022 continue the requirement for State Council to determine the number of regions, and the Board to determine the configuration of regional groupings and the member councils

within each group. The feedback from councils about location and appropriateness of the regional groupings will be a critical consideration to assist the Board to make its decision.

Given the next MAV Board elections will be held on 3 March 2023, the Board is aiming to make its decision about the regional groupings in December this year. This will provide time for the MAV delegates to prepare for the elections and enable the MAV to make the necessary preparations for the elections as required by the MAV Rules 2022.

As demonstrated during our recent review of the MAV Rules, the MAV Board is committed to consultation with our members and we look forward to engaging with councils about this review. We invite and encourage all councils to provide [feedback](#) on the options proposed for the metropolitan and non-metropolitan regional groupings by Wednesday 7 December 2022.

Cr David Clark
MAV President

19 October 2022

1. Introduction

The Municipal Association of Victoria (MAV) Rules 2022 (the Rules) were made, subject to Governor in Council approval and publication in the Victoria Government Gazette, at the Special meeting of State Council on Friday 16 September 2022.¹

The Rules create an MAV Board comprised of the President and ten delegates elected to the Board in the office of Director – five from metropolitan councils and five from non-metropolitan councils. Under the former MAV Rules 2013, the MAV Board comprised the President and 12 Board Members – six from metropolitan and six from non-metropolitan councils.

In accordance with the Rules, the MAV Board must now consult participating member councils to determine the regional groupings of councils and classify each member council as belonging to:

- one of the five regional groupings of metropolitan councils; or
- one of the five regional groupings of non-metropolitan councils.

The MAV Board has appointed John Nevins, a former local government CEO and Victorian public sector senior executive, as the independent consultant

to make a recommendation to the Board about the regional groupings of councils following consultation with councils.

A Steering Committee has been appointed to support this project and report to the Board comprising of the MAV President Cr David Clark, and Cr Ruth Gstrein, Deputy President (Rural) and Cr Rohan Leppert, Deputy President (Metro).

This Options Paper invites councils to provide feedback about two options for the regional groupings of metropolitan councils and two options for the regional groupings of non-metropolitan councils.

The MAV Board intends to finalise the review of the regional groupings by making a determination about the classification of each council and the regional groupings in December. This will provide the required time to prepare for the MAV Board elections which will be held on 3 March 2023. Once the determination and classification has been made the Board must, under the Rules, notify each council within 14 days about the decision of the Board.

2. Review Principles

The MAV Board has resolved to apply the following principles in determining which regional grouping a council will belong to:

- each region should be of equal electoral size (number of councils)
- each region should comprise of councils with common interests, be these spatial or by nature of the councils' operating environment; and

- MAV regions should align with other representative structures that engage with councils.

These principles will be applied as a whole and not on a hierarchy.

The Board's intention is to create fairness and equity in the voting system across councils keeping in mind the primary purpose of the regional groupings is to elect the MAV Board Directors.

¹ The MAV Rules 2022 will commence on the day the Rules are published in the Victoria Government Gazette. Councils will be notified when this occurs.

3. Current Regional Groupings

Since the early 2000s there have been 12 MAV Board regions, six covering non-metropolitan Victoria and six covering metropolitan Melbourne. The existing groups are shown in [Attachment 1](#).

As demonstrated in *Table 1: Council Numbers - Current MAV Board Regions* (refer below), there is no consistency in the number of councils in the existing 12 regions. Apart from Mornington Peninsula's membership of the Interface Region, all regional groups are based on geographic location, with each group comprised of a cluster of councils that share municipal boundaries.

3.1 Metropolitan Regional Groupings

The existing six metropolitan regional groupings are made up of 31 councils. The regional groupings vary in resident population size from 672,601 to 989,433. The total combined resident population of these councils is 4,890,986, which represents 74.7 per cent of Victoria's resident population.² Three metropolitan regional groupings have five council members, two have six council members and one regional grouping has four council members.

The Metropolitan Southern Region has the smallest number of council members, with four councils, and represents 13.19 per cent of the Victorian resident population. The Interface Region with its six member councils represents

15.11 per cent of the Victorian resident population. These regions represent at least two per cent more of the Victorian resident population than the three metropolitan Board regions with five council members (Metropolitan Central, Metropolitan South-East, Metropolitan East).

It is of interest to note that the current Interface Region does not include all interface councils. A third of the interface councils are members of other metropolitan regions.

3.2 Non-metropolitan Regional Groupings

The existing six non-metropolitan regional groupings include 48 councils. The regions vary in resident population size from 132,880 to 511,979. In total they have a combined resident population of 1,656,108, which represents 25.3 per cent of the Victorian resident population.³ One non-metropolitan regional grouping has six council members, two regional groupings have seven council members, two regional groupings have eight council members and one regional grouping, Rural North-East, has 12 council members.

The non-metropolitan South Central Region with a resident population of 511,979, equal to 7.82 per cent of Victoria's resident population, is the largest non-metropolitan region based on resident population. This region comprises eight council members based around and incorporating Geelong.

4. Other (Non-MAV Board) Regional Groupings

Victorian councils are members of various regional groups. Several of these are determined by the Victorian government. Most of them are established and driven by councils' shared interests and objectives.

In addition to State Upper and Lower House electoral boundaries (which do not align with council boundaries) examples of State Government-instigated council groupings include:

- Regional Development Victoria's nine Regional Partnerships.
- Department of Health's 28 primary care partnerships (PCPs) - 19 in rural Victoria and nine in the metropolitan Melbourne area.
- The six metropolitan regions under Plan Melbourne.

Most regional groups are driven by councils themselves. For the purposes of this Options Paper more than 20 council groupings were reviewed including:

- LeadWest comprising five councils in Melbourne's West
- G21 Geelong Region Alliance comprising five councils
- Interface Councils comprising ten councils that form a ring around metropolitan Melbourne

- M9 - an alliance of nine inner Melbourne councils
- South East Councils Climate Change Alliance (SECCCA) comprising nine councils
- Northern Councils Alliance (NCA) comprising seven councils
- Northern Alliance for Greenhouse Action (NAGA) comprising nine councils
- Regional Cities Victoria comprising ten councils
- Association of Bayside Municipalities comprising nine councils
- Timber Towns Victoria comprising 21 councils
- Rural Councils Victoria comprising 38 councils
- Murray River Group of Councils comprising six councils
- North East Local Government Network comprising 12 councils
- Eastern Region Group of Councils comprising six councils
- Inner Southern Metropolitan Mayors Forum comprising six councils.

The size and membership of each group is largely determined by the specific shared purpose(s) of the group.

5. Regional Grouping Options

The draft options for the regional groupings of councils are proposed in sections 5.1 and 5.2. These options have been informed by the following observations and considerations:

- a) the status quo must change. The Rules provide for ten regional groupings – five metropolitan and five non-metropolitan. This necessitates change to the existing 12 regions.
- b) there is no single right way to configure the regional groupings, multiple options exist. The MAV Board will apply the principles in section 2 above.
- c) region configurations do not preclude councils from participating in other regional groups in pursuit of delivering the best possible outcomes for their communities.
- d) spatial connectivity of a regions' member councils continues to be a dominant consideration. Except for Mornington Peninsula's membership of the current Interface Region, spatial connectivity and the associated community and economic interactions this connectivity provides, has been a key feature of existing regions.
- e) there is no consistent Victorian Government regional grouping of councils.
- f) individual councils are members of multiple different regional groups and associations.
- g) the membership of existing council groupings, including those established by the State Government, are primarily structured for the specific purpose or shared interest of each individual group.
- h) the existing regional groupings do not have an equal number of council members. The new groupings will also be unable to have an equal number of councils because 31 metropolitan councils and 48 non-metropolitan councils cannot be evenly divided into five groups each.
- i) there is not and cannot be consistency between metropolitan and non-metropolitan regions in terms of the number of councils in each region.
- j) within each option, some but not all regions can have equal numbers of councils and similar population sizes.
- k) with the Rules requiring each MAV Board Director to regularly meet with the other delegates and participating member councils within the region that they represent, the geographic and landscape features of eastern Victoria impacting the construct of the current Gippsland group of councils are still a significant consideration regardless of recent improvements in online connectivity.

5.1 Options: Metropolitan Regional Groupings

5.1.1 Metropolitan Option 1

This option is based on a variation of Plan Melbourne's six metropolitan regions, which, except for Mitchell Shire Council, align with the Metropolitan Partnership boundaries. Under this option, Plan Melbourne's Inner Metro Region would be merged with the Inner South East Region into a proposed "Inner Metropolitan South East Region". All other regions in this option match the Plan Melbourne regions. This would result in four metropolitan regional groupings each with six member councils and one metropolitan regional grouping with seven member councils.

The assessment of Option 1 against the review principles outlined in section 2 is as follows:

Principle: Each region should be of equal electoral size (number of councils)

Complies as best able. This option provides for four regional groupings with six councils each and one regional grouping with seven councils.

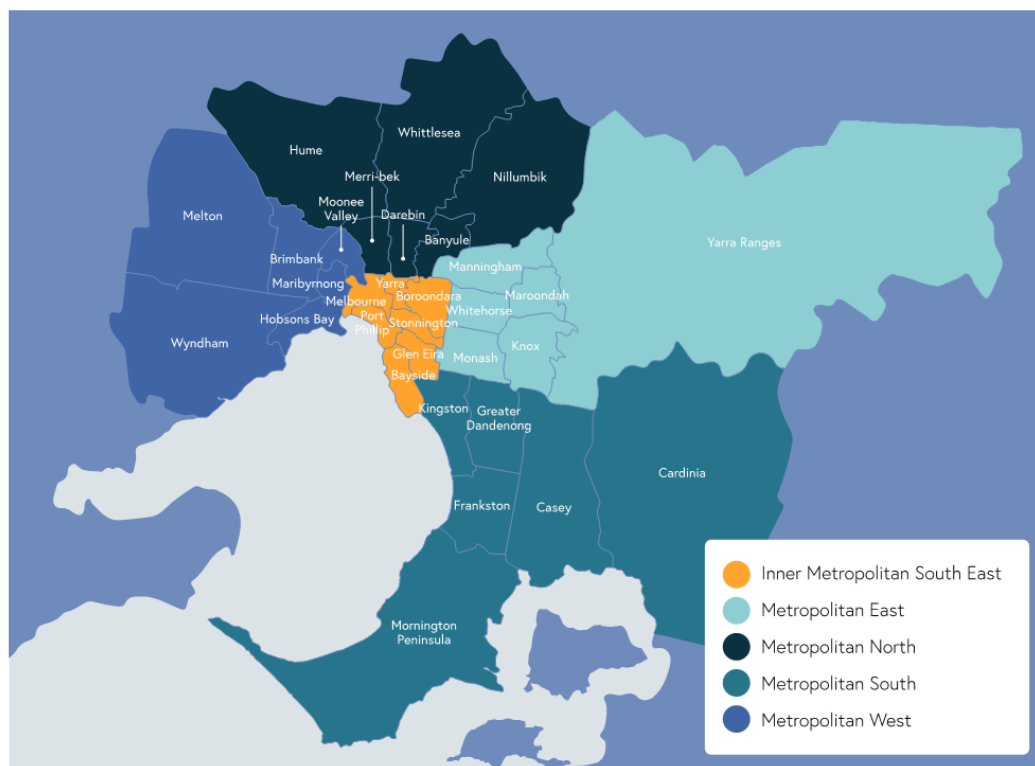

Principle: Each region should comprise of councils with common interests, be these spatial or by nature of the councils' operating environment

This option complies in that all councils in each regional grouping have spatial continuity with associated community and economic interactions across some or all of a region's members.

Principle: MAV regions should align with other representative structures that engage with councils

This option complies as it is based on Plan Melbourne's six metropolitan regions, with the only variation being the joining of two regions.

Metropolitan Option 1

Metropolitan Option 1	Member Councils	Number of Councils
Inner Metropolitan South East (IMSE)	Bayside, Boroondara, Glen Eira, Melbourne, Port Phillip, Stonnington, Yarra	7

TOTAL COUNCILS		31

5.1.2 Metropolitan Option 2

This option proposes:

- the Metropolitan East Region be the same as Option 1.
- expansion of the existing Metropolitan Central Region to include Moonee Valley and Maribyrnong Councils
- reconfiguration of the remaining three regions.

This option provides for four regions with six councils and one region with seven councils.

The assessment against the review principles outlined in section 2 is as follows:

Principle: Each region should be of equal electoral size (number of councils)

Complies as best able. This option provides for four regional groupings with six councils each and one regional grouping with seven councils.

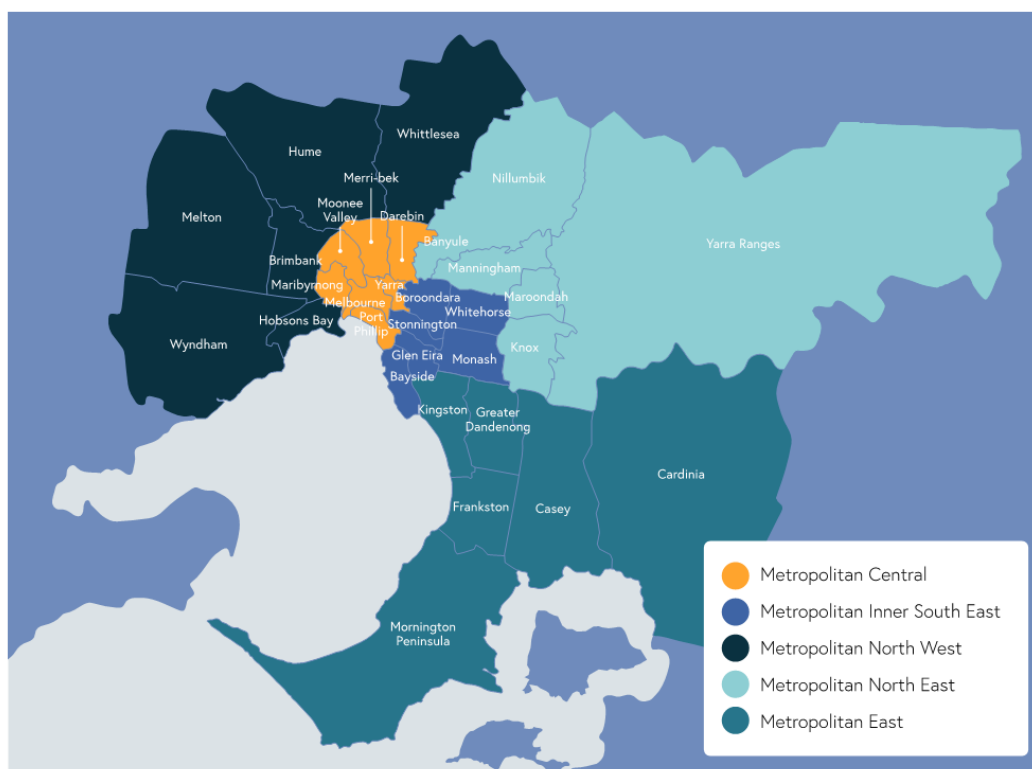

Principle: Each region should comprise of councils with common interests, be these spatial or by nature of the councils' operating environment

This option complies as all councils in each regional grouping have spatial continuity with associated community and economic interactions across some or all of a region's members.

Principle: MAV regions should align with other representative structures that engage with councils

This option is not based on a single existing state or local government grouping of councils. It draws on a range of groupings of metropolitan councils.

Metropolitan Option 2

Metropolitan Option 2	Member Councils	Number of Councils
Metropolitan Central (MC)	Darebin, Maribyrnong, Melbourne, Merri-bek, Moonee Valley, Port Phillip, Yarra	7

5.2 Options: Non-metropolitan Regional Groupings

5.2.1 Non-metropolitan Option 1

This option is based on the nine Regional Development Victoria's (RDV) Regional Partnerships and proposes retaining RDV's Gippsland Region and combines the other eight regions to form four regions as follows:

- Goulburn and Ovens Murray Regional Partnership Regions combined.
- Loddon Campaspe and Mallee Regional Partnership Regions combined.
- Wimmera Southern Mallee and Central Highlands Regional Partnerships combined, excluding Golden Plains.
- Great South Coast and Barwon Regional Partnership Regions combined, with Golden Plains included.

The assessment against the review principles outlined in section 2 is as follows:

Principle: Each region should be of equal electoral size (number of councils)

Arguably complies as most reasonably practical. This option delivers one regional grouping (Gippsland) with six councils, three regional groupings with ten councils each and one regional grouping with 12 councils.

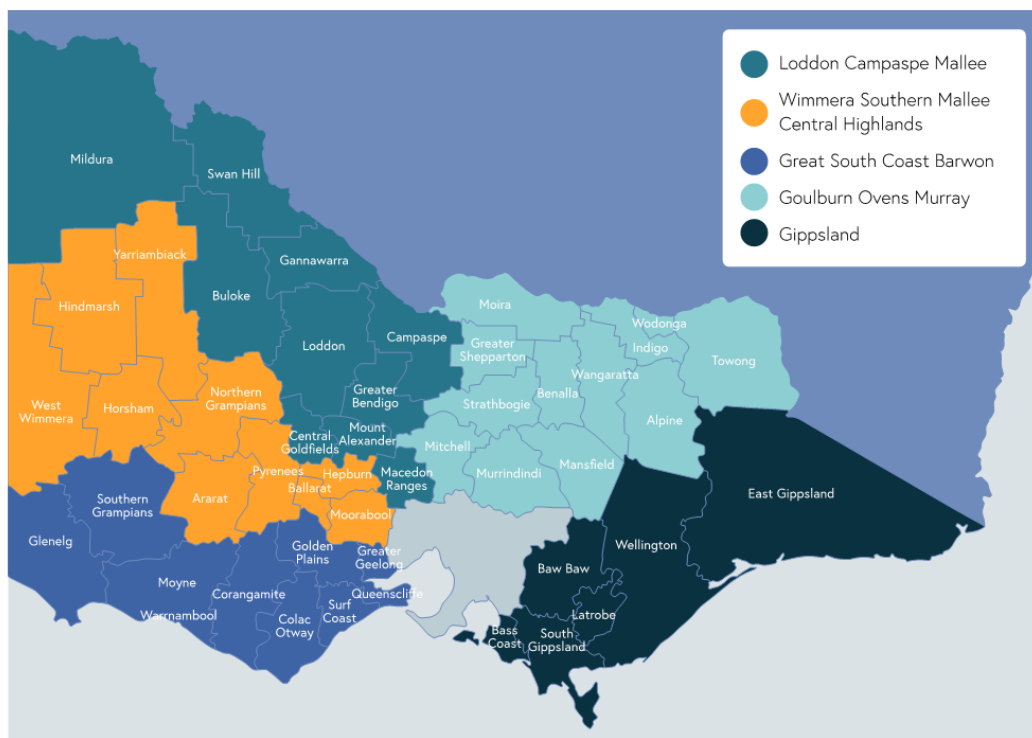

Principle: Each region should comprise of councils with common interests, be these spatial or by nature of the councils' operating environment

This option complies as all councils in each regional grouping have spatial continuity with associated community and economic interactions across some or all of a region's members.

Principle: MAV regions should align with other representative structures that engage with councils

This option substantially complies as it is based on Regional Development Victoria's (RDV) nine Regional Partnership Regions. The Gippsland Region is unchanged and the other eight RDV Regions have been combined to form four MAV Board regional groupings with Golden Plains shifting to a different region.

TOTAL COUNCILS		48

5.2.2 Non-metropolitan Option 2

This option proposes:

- the Gippsland and Rural North East regions are the same as Option 1.
- a different configuration for the three other MAV Board regions.

The assessment against the review principles outlined in section 2 is as follows:

Principle: Each region should be of equal electoral size (number of councils)

All regional groupings under this option have a different number of member councils, with the numbers ranging from six to 12.

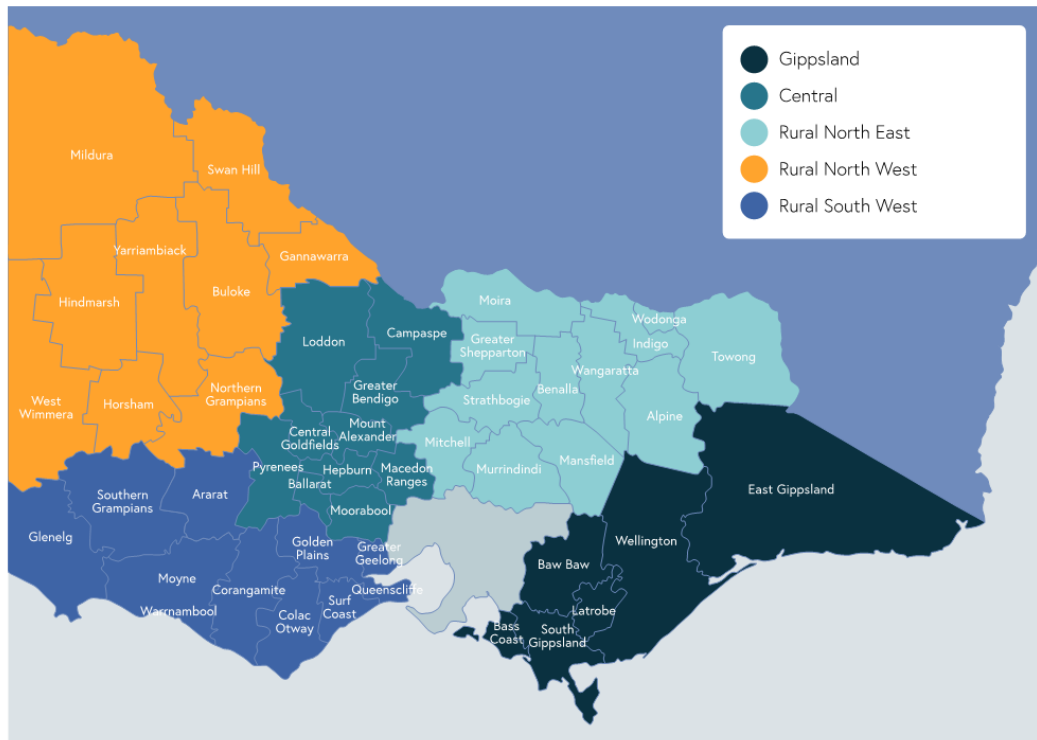

Principle: Each region should comprise of councils with common interests, be these spatial or by nature of the councils' operating environment

This option complies in that all councils in each regional grouping have spatial continuity with associated community and economic interactions across some or all of a region's members.

Principle: MAV regions should align with other representative structures that engage with councils

This option is not based on a single existing State or local government grouping of councils. It draws on a range of groupings of non-metropolitan councils. The Gippsland and Rural North East Regions reflect the existing regional groupings.

12.5 PLANNING SCHEME AMENDMENT C236 - 206-388 BEATTYS ROAD, FRASER RISE

Author: Kate Barclay - Property and Investment Coordinator
Presenter: Luke Shannon - Executive Lead Strategic Initiatives

PURPOSE OF REPORT

To consider the adoption of Planning Scheme Amendment C236 to the Melton Planning Scheme.

RECOMMENDATION:

That Council:

1. Adopt Planning Scheme Amendment C236 as exhibited, without changes as contained in **Appendix 1**.
2. Submit the amendment to the Minister for Planning for approval.

Motion

Crs Majdlik/Kesic.

That Council:

1. Adopt Planning Scheme Amendment C236 as exhibited, without changes as contained in **Appendix 1**.
2. Submit the amendment to the Minister for Planning for approval.

CARRIED

REPORT

1. Executive Summary

The amendment applies to land located at 206-388 Beattys Road, Fraser Rise. The amendment seeks to apply a Public Acquisition Overlay (PAO) to part of 206-388 Beattys Road to facilitate the land acquisition for indoor recreation - aquatic centre in accordance with the Plumpton Precinct Structure Plan (PSP).

At the ordinary meeting of Council on 15 August 2022, Council resolved to seek Authorisation from the Minister for Planning to prepare and exhibit Amendment C236. Authorisation was received under delegation from the Minister on 25 August 2022.

The Amendment was exhibited from 21 September 2022 to 23 October 2022. No submissions were received during the exhibition period.

It is recommended that Council adopt the Amendment (**Appendix 1**) and submit the Amendment to the Minister for Planning for approval.

2. Background/Issues

The Melton City Council Aquatic Plan 2014-2034 (Aquatic Plan) was adopted by Council on 23 September 2014. The Aquatic plan was prepared to provide guidance and direction for the future provision of aquatic facilities across the City of Melton.

The Aquatic Plan endorsed the position to investigate options to purchase a site of four (4) hectares for a new district aquatic facility in the Plumpton Precinct Structure Plan (PSP) area and once a suitable site was identified, prepare a Business Case and Funding Strategy for consideration of Council.

The Plumpton Aquatic Leisure Centre Business Case and Funding Strategy – October 2017 (the Strategy) was prepared to implement the recommendation of the adopted Aquatic Plan 2014-2034. The Strategy was presented in the Confidential section of the Ordinary Meeting of Council on 16 October 2017. At this meeting Council resolved on the components consistent with a district level facility at the site within the Plumpton PSP.

Planning for the Kororoit and Plumpton PSPs commenced in 2013. The Precinct Structure Plans were exhibited in June 2016 and identified land located at 206-388 Beattys Road, Fraser Rise within the Plumpton PSP for indoor recreation - aquatic centre. Council prepared a submission to the Precinct Structure Planning process and provided support for the PSP at the 22 August 2016 Council Meeting.

An independent Planning Panel was convened to hear submissions made in relation to the exhibited Precinct Structure Plan. In relation to the aquatic centre the Panel found that the Beattys Road site identified for the aquatic centre was deemed the optimal location for the following reasons:

- Provides convenient and direct public transport connections
- Is highly accessible by pedestrians and cyclists
- Has good public exposure
- Is accessible from the broader catchment.

The Plumpton PSP was approved by the Minister for Planning on 1 February 2018 and gazetted into the Melton Planning Scheme in July 2018. The Infrastructure Contribution's Plan (ICP) was gazetted into the Melton Planning scheme in October 2019 and allocated as a land project 50 percent of the land for the aquatic centre to be funded through the ICP as it serviced the local catchment and the district catchment (**Appendix 3**).

The site 206-388 Beattys Road, Fraser Rise

The site of the proposed Aquatic Centre is located on land at 206-388 Beattys Road, Fraser Rise (**Appendix 2**). The wider site is located on the north eastern corner of the intersection of Beattys Road and Plumpton Road, Fraser Rise. The site is generally flat and cleared for agricultural uses. The site is currently formally accessed off Plumpton Road, no other roads are provided in and around the site, and no formal access is provided off Beattys Road.

The four (4) hectare site for the Aquatic Centre includes part of the Beattys Road reserve occupying 0.4 hectares, with the remaining 3.6 hectares in private ownership. Council needs to acquire 3.6 hectares of which 1.8 hectares is funded through ICP contributions.

A waterway dissects the site centrally from north to south, leading to a water catchment situated to the centre of the site, just north of Beattys Road. No development has commenced on the subject land and the site is currently not serviced by water, drainage, sewer, gas, electricity, nbn and road infrastructure. The land surrounding the site to the south east and the north east is slowly developing for residential purposes in accordance with the approved Plumpton PSP.

Planning Scheme Amendment C236

The amendment applies to land located at 206-388 Beattys Road, Fraser Rise. The land is subject to Clause 37.07 Urban Growth Zone, Schedule 11 Plumpton Precinct Structure Plan, and Clause 45.11 Infrastructure Contributions Overlay, Schedule 1 Plumpton & Kororoit infrastructure contributions plan, October 2019.

The amendment will provide certainty around the timing for the delivery of the aquatic centre for the growing population of Fraser Rise and surrounding suburbs within the Melton growth corridor by incorporating the Public Acquisition Overlay (PAO).

The amendment seeks to apply the PAO to part of 206-388 Beattys Road to facilitate the land acquisition for indoor recreation - aquatic centre in accordance with the Plumpton Precinct Structure Plan (PSP).

Specifically, the Amendment makes the following changes:

- Applies PAO13 to part of 206-388 Beattys Road, Fraser Rise and amends Planning Scheme Map nos. 9PAO and 10PAO;
- Amends the Schedule to Clause 45.01 Public Acquisition Overlay to introduce PAO13, to designate Council as the acquiring authority and specify land acquisition for indoor recreation – aquatic centre.

At the ordinary meeting of Council on 15 August 2022, Council resolved to seek Authorisation from the Minister for Planning to prepare and exhibit Amendment C236. Authorisation was received under delegation from the Minister on 25 August 2022.

The Amendment was exhibited from 21 September 2022 to 23 October 2022. No submissions were received during the exhibition period.

Council is continuing to engage with the Victorian Planning Authority (VPA) in relation to clarifying within the Plumpton Infrastructure Contributions Plan (ICP) the land funded via the ICP and the land Council needs to acquire.

This process would be facilitated via a further Planning Scheme Amendment, which would be led by the VPA. While this is not essential to the application of the PAO on the land at 206-388 Beattys Road, Fraser Rise, it may reduce the complexity of the compensation process following the vesting of the land to Council.

Strategic assessment

Ministerial Direction No 11 requires amendments to be assessed against several guidelines. This strategic assessment has been undertaken and it is considered that the amendment adequately addresses the guidelines.

The Amendment supports the Planning Policy Framework. Specifically, it supports:

- Clauses 11.02 Managing Growth and 11.03 Planning for Places. The Amendment supports the development of a walkable neighbourhood and facilitates the logical and efficient provision of infrastructure.
- Clause 15.01-4S Healthy Neighbourhoods seeks to achieve neighbourhoods that foster healthy and active living and community wellbeing including conveniently located public spaces for active recreation and leisure and amenities and protection to support physical activity in all weather conditions.
- Clause 19 Infrastructure, this amendment proposes to ensure land is available to facilitate the timely delivery of community and recreation infrastructure to support the growing population.

- the Local Planning Policy Framework and the Municipal Strategic Statement. It supports Clause 21.02-1 Urban Growth Areas, which aims to manage urban growth in a timely way through providing open space that facilitates a range of recreational opportunities in appropriate locations with good connectivity and supporting the provision of infrastructure in areas where growth is occurring.
- Clause 21.11-1 Provision of Infrastructure, which aims to ensure new development and community infrastructure meets the needs of the community in a timely and efficient way. Urban development needs to be properly staged and managed to ensure that development and community infrastructure are provided in an efficient, sensible and timely manner.

Land Acquisition and Compensation Process

Following approval of the Amendment by the Minister for Planning, PAO13 would then be gazetted into the Melton Planning Scheme and applied to part of the land at 206-388 Beattys Road, Fraser Rise.

Council is then required to issue a Notice of Intention to Acquire (NOIA) the land giving notice that the land will be compulsorily acquired in accordance with the *Land Acquisition and Compensation Act 1986* (the LAC Act).

Following the issue of NOIA and two months after the service of the NOIA, Council can then issue a Notice of Acquisition (NOA) and the land is vested to Council. Given that a NOIA expires after six months, this generally means that an acquiring authority has a period of two to six months in which to complete its acquisition following the Notice of Intention to Acquire.

An initial offer of compensation must be made within fourteen days of publishing the Notice of Acquisition. The LAC Act contains procedures to address any dispute in relation to the value of the portion of the acquired land not funded under the ICP.

3. Council and Wellbeing Plan Reference and Policy Reference

The Melton City Council 2021-2025 Council and Wellbeing Plan references:

3. A fast growing, innovative and well-planned City

3.2 Health and community services are accessible locally.

4. Financial Considerations

The Kororoit and Plumpton ICP is collecting contributions to acquire land and construct identified transport, community and recreation infrastructure projects located within the Plumpton PSP area.

There is a current allocation within Council's operating budgets of \$4 million to contribute to the costs of acquisition for the 1.8ha to be funded by Council.

Land acquired through the PAO process often costs Council more than land transferred by agreement because the process is one where there can be a dispute on valuation. However, if a landowner is not intending on developing land in a reasonable time or is unwilling to negotiate, it is the timeliest mechanism left for Council to secure the land it needs to facilitate community infrastructure in a timely manner.

The ultimate process for compensation and final reimbursement will continue to play out following the application of the PAO and the landowner will be entitled to compensation commensurate with the process under the Land Acquisition and Compensation Act 1986 (the LAC Act).

Council officer time and resources are involved in the preparation, public exhibition, panel hearing process and adoption of an amendment. Council is required to pay the statutory fees associated with the amendment.

The costs associated with Planning Scheme Amendments are generally covered by Council's recurrent budget.

5. Consultation/Public Submissions

Public Exhibition

At the ordinary meeting of Council on 15 August 2022, Council resolved to seek Authorisation from the Minister for Planning to prepare and exhibit Amendment C236. Authorisation was received under delegation from the Minister on 25 August 2022.

Council made a request under section 20(1) of the *Planning and Environment Act 1987* from the notice requirements of section 19 to exempt the requirement of a notice in the newspaper on the basis that only one landowner was materially affected by the Amendment. An exemption was granted on 2 September 2022.

Amendment C236 was exhibited from 21 September to 23 October 2022 in accordance with s145 of the *Planning and Environment Act 1987*. Letters were sent via hardcopy and via email to:

- The affected landowner.
- The Victorian Planning Authority.
- Prescribed Ministers.

A notice was also placed in the Government Gazette on 21 September 2022.

The amendment was also available for public inspection during the exhibition period at the following locations:

- On Council's website.
- On the Department of Environment, Land, Water and Planning's website.
- At the Melton City Council Municipal office.

In addition to the statutory notification of the land owner, Council directly contacted the land owner.

The exhibition period concluded on 23 October 2022 and no submissions were received.

6. Risk Analysis

Should Council choose to abandon the Amendment, it would prevent the designation of land for a public purpose and there would be no certainty around the timing of the acquisition of the land. This would further delay the planning for the aquatic facility resulting in a continued lack of sporting and recreational facilities for the growing community.

Councils timeline for the delivery of the Aquatic Centre and the lead in times for a facility of this nature mean that Council requires certainty of delivery of the required land.

The November 2022 State election may delay Ministerial approval of the Amendment.

Regarding notification to the landowner, prior to the approval of the Amendment by the Minister, the Minister may direct Council to give further notice to satisfy the Minister that the landowner received adequate notice of the Amendment. This applies even though the Council has addressed the notice requirements of the Act.

7. Options

Council can resolve to either:

1. Adopt Amendment C236 into the Melton Planning Scheme as exhibited and without changes as contained in **Appendix 1** and submit the Amendment to Minister for Planning for approval.
2. Not adopt Amendment C236 into the Melton Planning Scheme.

Planning and Environment Act 1987

**MELTON PLANNING SCHEME
 AMENDMENT C236
 EXPLANATORY REPORT**

Who is the planning authority?

This amendment has been prepared by the Melton City Council, which is the planning authority for this amendment.

The amendment has been made at the request of Melton City Council.

Land affected by the amendment

The amendment applies to part of 206-388 Beattys Road, Fraser Rise as shown in the map below

What the amendment does

The amendment seeks to apply a Public Acquisition Overlay (PAO) to part of 206-388 Beattys Road to facilitate the land acquisition for indoor recreation - aquatic centre in accordance with the Plumpton Precinct Structure Plan (PSP).

Specifically, the Amendment makes the following changes:

- Applies PAO13 to part of 206-388 Beattys Road, Fraser Rise and amends Planning Scheme Map nos. 9PAO and 10PAO;
- Amends the Schedule to Clause 45.01 Public Acquisition Overlay to introduce PAO13, to designate Council as the acquiring authority and specify land acquisition for indoor recreation – aquatic centre.

OFFICIAL

Why is the amendment required?

The amendment is required to facilitate the acquisition of land to be used for public purposes. The amendment will provide certainty around the timing for the delivery of the aquatic centre for the growing population of Fraser Rise and surrounding suburbs within the Melton growth corridor in accordance with the Plumpton Precinct Structure Plan.

In the interests of timely infrastructure planning and delivery, Council seeks to apply a Public Acquisition Overlay to ensure the land is set aside as identified in the Planning Scheme being required for a public purpose, Indoor Recreation - Aquatic Centre.

The land will be acquired using Section 112 of the Local Government Act 2020, which empowers a council to purchase or compulsorily acquire any interest in land for required purposes. In accordance with the *Land Acquisition and Compensation Act 1986*, the Council is required to apply a Public Acquisition Overlay (PAO) to the land before it proceeds to formally compulsorily acquiring it.

How does the amendment implement the objectives of planning in Victoria?

The amendment implements the following objectives of planning in Victoria, set out in Section 4(1) of the *Planning and Environment Act 1987* to:

- a) Provide for the fair, orderly, economic, and sustainable use, and development of land.
- c) Ensure a pleasant, efficient, and safe working, living and recreational environment for all Victorians and visitors to Victoria.
- e) Protect public utilities and other assets and enable the orderly provision and co-ordination of public utilities and other facilities for the benefit of the community.
- f) Facilitate development in accordance with the objectives of planning in Victoria.

The amendment implements these objectives by:

- Aiding the orderly and timely provision of necessary social and physical infrastructure throughout the municipality.

How does the amendment address any environmental, social and economic effects?*Environmental*

The Amendment will not result in adverse environment impacts.

Economic

The development of an aquatic facility will result in positive social outcomes through the provision of recreation facilities, leading to improved health outcomes.

Social

The development of community facilities provides net community benefit in respect to the timely delivery of infrastructure for community and recreation to support the growing community and will support positive community outcomes through improved access to recreation facilities.

Does the amendment address relevant bushfire risk?

The Amendment is not expected to result in increased bushfire risk and does not affect or alter any existing planning controls which relate to the management of bushfire risk. The amendment will not increase the risk to human life, property, community infrastructure and the natural environment from bushfire.

Does the amendment comply with the requirements of any Minister's Direction applicable to the amendment?

OFFICIAL

The Amendment is consistent with the Ministerial Direction on the Form and Content of Planning Schemes under Section 7(5) of the Act.

The amendment is consistent with *Ministerial Direction No. 9 Metropolitan Planning Strategy*. The amendment will facilitate the development of land within the Urban Growth Boundary of Metropolitan Melbourne and will ensure infrastructure is provided in a timely manner for the growing community. The amendment implements the following directives by enabling a range of infrastructure investments that will support sustainable population growth, while improving the City's environmental, social, and economic well-being:

- Direction 4.1 Create more great public spaces across Melbourne.*
- Direction 5.1 Create more 20-minute neighbourhoods.*
- Direction 5.2 Create neighbourhoods that support safe communities and healthy lifestyles.*
- Direction 5.3 Deliver social infrastructure that support strong communities.*

The Amendment is consistent and complies with *Ministerial Direction No 11 Strategic Assessment of Amendments* under Section 12(2)(a) of the Act.

The Amendment is consistent with *Ministerial Direction No 18 Victorian Planning Authority advice on Planning Scheme Amendments*. Council has consulted with the Victorian Planning Authority throughout the preparation of the amendment. The Amendment does not propose the rezoning of land, rather the nomination of land by a Public Acquisition Overlay for a public purpose consistent with its designation in the Plumpton Precinct Structure Plan. The Victorian Planning Authority is supportive of the amendment.

How does the amendment support or implement the Planning Policy Framework and any adopted State policy?

The Amendment supports the Planning Policy Framework. Specifically, it supports:

- *Clauses 11.02 Managing Growth and 11.03 Planning for Places*. The Amendment supports the development of a walkable neighbourhood and facilitates the logical and efficient provision of infrastructure.
- *Clause 15.01-4S Healthy Neighbourhoods* seeks to achieve neighbourhoods that foster healthy and active living and community wellbeing including conveniently located public spaces for active recreation and leisure and amenities and protection to support physical activity in all weather conditions.
- *Clause 19 Infrastructure* This amendment proposes to ensure land is available to facilitate the timely delivery of community and recreation infrastructure to support the growing population.

How does the amendment support or implement the Local Planning Policy Framework, and specifically the Municipal Strategic Statement?

The Amendment supports the Local Planning Policy Framework and the Municipal Strategic Statement. It supports Clause 21.02-1 Urban Growth Areas, which aims to manage urban growth in a timely way through providing open space that facilitates a range of recreational opportunities in appropriate locations with good connectivity and supporting the provision of infrastructure in areas where growth is occurring.

The Amendment supports Clause 21.11-1 Provision of Infrastructure, which aims to ensure new development and community infrastructure meets the needs of the community in a timely and efficient way. Urban development needs to be properly staged and managed to ensure that development and community infrastructure are provided in an efficient, sensible and timely manner.

Local Planning Policies

No changes are required to give effect to local planning policies contained within the Melton Planning Scheme.

OFFICIAL

Does the amendment make proper use of the Victoria Planning Provisions?

The amendment makes appropriate use of the Victorian Planning Provisions. The application of the Public Acquisition Overlay is the appropriate planning tool to reserve and acquire land for a public purpose for the provision of a community facility for indoor recreation.

How does the amendment address the views of any relevant agency?

This amendment has been prepared in consultation with the Victorian Planning Authority (VPA) who is supportive of the Amendment.

Does the amendment address relevant requirements of the Transport Integration Act 2010?

This amendment is not expected to have any significant impact on the transport system as defined under Section 3 of the *Transport Integration Act 2010* or the anticipated transport network and services envisaged by the current incorporated Plumpton Precinct Structure Plan.

Resource and administrative costs

- **What impact will the new planning provisions have on the resource and administrative costs of the responsible authority?**

The Amendment will result in minor administrative and resource costs for the Council in preparing the Amendment and administering the planning scheme amendment process.

When the Amendment is approved, the Council will make appropriate provision in its budget for purchase of the land.
