

### **Melton City 2041- The City We Create Public Submissions**

---

Public exhibition period: 11 May to 8 June 2021

Three submissions were received during the public exhibition period. Among these, general agreement and support for Melton City 2041 is noted, with two submissions also raising concerns about traffic and the absence of a local school and local shops as part of their general feedback. These were referred to City Strategy and Engineering Services for consideration. Further detail in relation to these submissions is provided in the Table below.

All submissions were received via the online submission form.

<b>Suburb</b>	Melton West	Melton West	Brookfield
<b>Age</b>	45	71	34
<b>Gender</b>	Female	Male	Male
<b>Your comments on the draft City of Melton Community 2041</b>	I believe that the engagement group being so diverse, created a great vision together. It covers a broad range of options for the city.	<p>Concerned with the proposed urbanisation of Bulman &amp; High Street.</p> <p>From Bulmans Rd, High Street all the way to Bacchus Marsh (through Anthony's Cutting) has become an attraction to hoon and speeding drivers because it is a stretch of road without any restrictive speed controls. There have been many accidents, including a recent fatality and a vehicle catching fire, and many unrecorded incidents, due predominately to speeding vehicles. I am concerned the proposed works does not have any plans to elevate this issue.</p> <p><b>The overall plan is good.</b> I assume there will also be on ramps onto the freeway.</p>	<p>I was hoping for future school coming in Brookfield, but unfortunately there is not and it took us 45-60 minutes to travel one way to school every day.</p> <p>No local shops and no public transport (Buses) in Riverina estate Brookfield. Means hundreds of families are living without basic necessities.</p>
